NEW LIBERTY STABLE.—It will be seen by advertisement that Mr. Albert Smith has opened the National Liberty Stable.

THE WEATHER.—On Saturday morning, the 16th, the thermometer showed a temperature of 31° above zero.

WE MISSED GETTING OUR REPORT OF THE WEATHER LAST WEEK IN TIME FOR OUR ISSUE, AND IT HAS FAILED TO COME HAND THIS WEEK.

THE TARIFF.—On Wednesday, the tariff bill was finally passed, the Senate reading from its amendment laying a duty on tea and coffee.

MICHAEL J. WEAVER, of the Lancaster Fencibles, was on the 13th ult., elected Lieutenant Colonel of 2nd Brigade, 2nd Division P.M., in place of Owen Uppe, resigned.

THE RIVER.—The water has fallen below rafting stage, and is now at its usual spring height. Last week eight rafts arrived here.

THE CANALS.—The water was—at least the day was named—let into the Tide Water Canal below Muddy Creek yesterday.

THE KANSAS SUBSCRIPTION.—The following communication and letter will doubtless be entirely satisfactory to the subscribers to the fund for the relief of Kansas.

MR. WEAVER.—For the gratification of those concerned, be so good as to give place to the following letter, received this day, and much obliged.

Yours, &c., F. X. ZIEGLER, Agent Adams Express Co., Columbia, Feb. 23, 1861.

I have received by Express from Columbia, Pa., one draft for \$200.12, for the relief of our suffering people.

THE DESTINATION IS WIDE AND ALARMING. In behalf of thousands I thank you and those who have devised liberal things.

Very truly, S. C. POMEROY, EXPRESS AGENT.

THE TWENTY-SECOND IN COLUMBIA.—The anniversary was rung in on all the bells of the town, commencing at midnight, rung on its course during the day, and rung out at night.

MR. NICHOLSON'S LECTURE.—The lecture was generally attended, and gave great satisfaction to the audience. He is a pleasant speaker, and thoroughly at home in his subject.

MR. LINCOLN'S JOURNEY.—Mr. Lincoln's visit to Harrisburg on the 22nd attracted crowds from Columbia, as well as from the entire country on the line of railroads.

programme Mr. Lincoln was to have remained over night in Harrisburg, and proceeded next day, via the Northern Central Railway to Baltimore, thence to Washington.

OLD PAPERS.—Old newspapers—especially local ones—although generally considered "litter," are probably the most important—certainly the most interesting—records we can have of our progress as a people and a country.

THE FIRST MENTION OF OUR TOWN we find under date March 11th, 1795, in an advertisement of a number of Lots adjoining the town of Columbia, at Wrights Ferry.

THE FRENCH NATION, and success to their glorious exertions for Liberty and good government.

line by itself at the bottom—"All America." We had always believed that the "Ledger" literature was peculiar to itself and its corps of literateurs; but we find in our old volume a "Fragment," with which we will close our extracts, that would not discredit the genius of Splanus himself.

THE FRAGMENT.

The eve was damp and chill—darkness veiled the face of the sky—the deep roared, and the mad billows lashed the rugged beach. Theodore was seated on a cliff, eye-looking the sea shore—his face was pale and emaciated—his hair hung in wild disorder, and he was beating his breast in despair.

A SPLENDID EXHIBITION COMING TO COLUMBIA.—We are pleased to announce to our readers that Morrison's Grand Pantheon—a one of the largest and most splendid exhibitions in the world, will visit this place and exhibit at Odd Fellows' Hall, for three nights, commencing March 4th.

THE CITY OF WASHINGTON.—The Capitol, with the new Dome and Marble Extension—the inside of the Capitol—the new Senate Chamber, with its gorgeous decorations—the Hall of Representatives—the Public Buildings of Washington—the Patent Office—the U. S. Treasury—the Smithsonian Institute—the President's House and Grounds—the famous East Room in the President's House, where all the Levees are held—showing all its furniture, marble mantels, magnificent mirrors, and glittering chandeliers, even to the colors and pattern of the two thousand dollar carpet that covers the floor.

THE PEACE CONFERENCE.—The Peace Conference brought its labors in behalf of the settlement of our National political difficulties, to a close, on Wednesday by the adoption of Mr. Franklin's amendment.

THE GREAT PHENOMENON OF THE MOON RAISING FROM THE SEA, is to be witnessed by all, while in the Storm at Sea, all the elements in their majesty are to be seen and heard with such startling reality as to cause old men to shiver and the young children to cling closer to their parents.

ARRIVING AT LIVERPOOL we have a view of that city—then a splendid view of the great City of London—with the River Thames and Bridges—the new Houses of Parliament, St. Paul's Church, &c.

THE MIGHTY ENTERTAINMENT was first exhibited in London for 280 consecutive nights, and was visited by more than half a million of people. It has recently been brought to America, and exhibited in the New England States, where it has been visited by admiring thousands.

FRANK LESLIE'S MONTHLY FOR MARCH.—The contents of the present number are more than usually varied. "Verona Brent" is continued, and grows more interesting and exciting. There are several original and admirable articles by new contributors, among which "Hunting in the Province of New Brunswick," by H. S. Stalknecht and A. G. Bradford, is charmingly written, and is full of interest.

ATLANTIC MONTHLY.—The Atlantic for March contains much matter both improving and entertaining. Prose and verse are alike of high order, and such as the pages of the Atlantic best afford. Dr. Holmes' "Professor's Story," already issued by Ticknor & Fields under the title of "Elsie Venner," approaches completion.

AMERICAN AGRICULTURIST.—The March number of the Agriculturist should be in the hands of every one desiring to "break ground" this spring, should the proposed cultivation cover no more than a few square yards of garden plot. The work posts a man thoroughly in field and garden tillage, besides affording a world of useful general information.

For the Columbia Spy, Mr. Editor:—I feel considerable difficulty about addressing you, desiring to leave such things to others who are more accustomed to it.

EDUCATION.—FRIDAY, 22ND.—In the Senate the Post Route bill and Miscellaneous Appropriation bill were under consideration but nothing of importance was done.

PRETENCE SAYS "WE DON'T THINK THAT SOUTH CAROLINA HAS ANY WARRANT FOR HER CONDUCT, BUT SHE IDENTICALLY HAS A GOOD DEAL OF WARRANT."

IT IS SUGGESTED THAT MR. BROCKENRIDGE IS DE JURE IF NOT DE FACTO PRESIDENT OF THESE UNITED STATES, UNDER THAT SECTION OF THE CONSTITUTION WHICH PROVIDES THAT "IN CASE OF THE REMOVAL OF THE PRESIDENT FROM OFFICE, OR HIS DEATH, RESIGNATION, OR INABILITY TO DISCHARGE THE POWERS AND DUTIES OF SAID OFFICE, THE SAME SHALL DEVOLVE ON THE VICE PRESIDENT."

THE NEW YORK COMMERCIAL ADVERTISER SAYS: THE MOST BEAUTIFUL POKER DECK OF THIS HIGHLY INTERESTING WORK THAT WE HAVE EVER SEEN IS A "TENTY DOLLAR GOLD PATEL."

FANNY FORD LATELY SAID: "IF ONE-HALF OF THE GIRLS ONLY KNEW THE PREVIOUS LIFE OF THE MEN THEY MARRY, THE LIST OF OLD MAIDS WOULD BE WONDERFULLY INCREASED." BUT THE BOSTON POST ASKS: "IF THE MEN KNEW, FANNY, WHAT THEIR FUTURE LIVES WERE TO BE, WOULD IT INCREASE THE LIST OF OLD MAIDS STILL FURTHER?"

THE REV. DR. PETER, OF CHELEEN, TENN., HAS DISCOVERED THAT A SUPERIOR QUALITY OF GAS CAN BE MADE OUT OF COTTON SEED, WITH THE ADDITION OF A LITTLE ROSIN. HIS CHURCH AND DWELLING ARE LIT UP WITH IT AT A TRIFLING COST.

THE LONDON TIMES A SHORT TIME SINCE REFUSED A £150 ADVERTISEMENT ON THE PLEA THAT IT WOULD OCCUPY TOO MUCH SPACE.—VERY FEW AMERICAN NEWSPAPERS WOULD DISCOVER THE OBJECTION.

PRACTICAL EXPERIENCE IS BETTER THAN EXPERIMENTAL SCIENCE.—The science of medicine, as practiced in hospitals and families, by nine tenths of our popular physicians, is an experimental science. It is not founded on a consistent philosophy. Now mark the difference between the experimental remedies of the profession (which even the great Maudsley declares fail more frequently than they succeed) and those of Professor Holloway, a man who has built up a new system of medical treatment, in which, as we verily believe, there is not a single flaw in its foundation to its summit.

WE HAVE AUTHENTIC STATISTICS BEFORE US, WHICH SHOW THAT THE ANNUAL CONSUMPTION OF HOLLOWAY'S PILLS EXCEEDS THAT OF ALL THE ADVANCED PREPARATIONS OF THE SAME CLASS AT PRESENT BEFORE THE WORLD. THIS, OF ITSELF, IN A COUNTRY WHERE THE OPINION OF THE MAJORITY IS CONSIDERED ENTITLED TO SUPREME RESPECT, SHOULD BE A SUFFICIENT WARRANT OF SUPERIORITY.

BUT WE HAVE SEEN A STILL STRONGER PROOF OF THEIR INIMITABLE PROPERTIES, IN THE SHAPE OF A COPY OF THE RECORD OF CERTIFICATES AND TESTIMONIALS OF CURE RECEIVED BY PROFESSOR HOLLOWAY, DIRECTLY AND THROUGH HIS AGENTS, DURING THE LAST FIVE YEARS. THE YEARLY AVERAGE AMOUNT EXCEEDS BELIEF. IT IS UPWARDS OF 75,000, OR MORE THAN TWO HUNDRED PER DAY. THERE IS NO QUESTION AS TO THE ACCURACY OF THIS STATEMENT. MOST OF THE DOCUMENTS ARE AUTHENTICATED BY LEGAL FORMS, AND THE NAMES OF PERSONS DISTINGUISHED IN EVERY DEPARTMENT OF PUBLIC LIFE FIGURE IN THE INDEX TO THIS VOLUMINOUS HISTORY OF TRIUMPHS OF A GRAND DISCOVERY. THERE IS NO EXPERIMENTING HERE—NO PLAYING AT FAST AND LOOSE WITH HEALTH AND LIFE. IT IS OUR GLORIOUS UNINTERRUPTED MARCH OF SUCCESS, IN WHICH ALL INTERNAL DISEASES HAVE BEEN ATTACKED AND EXTINGUISHED.

AMONG THE MOST COMMON AND FATAL DISEASES INCIDENT TO OUR CLIMATE, ARE THOSE WHICH AFFECT THE STOMACH, THE LIVER AND THE BOWELS. WE HAVE SEEN THE EFFECT OF HOLLOWAY'S PILLS IN CASES OF THIS NATURE, AND WHEN WE AVER THAT THEY ARE A SPECIFIC, COVERING ALL THE VARIETIES OF THESE COMPLAINTS, WE "SPEAK WHAT WE KNOW." PERMIT US, IN ALL KINDNESSES, TO RECOMMEND ALL WHO SUFFER FROM BILIOUS DISORDERS, WHETHER ACUTE OR CHRONIC, TO RESORT AT ONCE TO THIS REMEDY.—IT IS NOT OUR WANT TO OBTAIN ADVICE ON OUR READERS, NOR IS SUCH OUR INTENTION NOW; BUT WE ARE SO THOROUGHLY CONVINCED OF THE UNIFORM EFFICACY OF THESE PILLS, IN EVERY DISEASE THAT AFFECTS THE GREAT SECRETIVE ORGANS, THAT WE CANNOT FORBEAR RECOMMENDING THEM OUR EARNEST ENDORSEMENT AND RECOMMENDATION.—N. J. "Dispatch."

THE NORTH CAROLINA LEGISLATURE HAVE ADJOURNED, BUT THERE IS SOME TALK OF AN EXTRA SESSION IN CASE OF THE EVENTS OF THE NEXT FEW WEEKS BE UNFAVORABLE TO COMPROMISE.
