## HEALTH AND ITS PLEASURES
### Or. Disease with its Agonies.
CHOOSE BETWEEN THEM.
## HOLLOWAY'S PILLS.
*Nervous Disorders.*

What is more terrible than a breaking down of the nervous system? To be miserable or nervous in a mixed company is most distressing, for where can a remedy be found? Where is one—think for one moment—who could say—Being sixteen weeks, get all the fresh air you can, take three or four pills every night, eat plenty of solids, avoiding the use of slops, and if even seldom not strictly followed, you will be happy in mind and strong in body, and forget you have any nerves.

*Mothers and Daughters.*

If there is one thing more than another for which these Pills are so famous it is their purifying properties, especially those powerful aperients the blood from all impurities, and removing dangerous and diseased secretions. Universally adopted as the one great remedy for female complaints, they never fail, for we make the system and always bring about a healthy balance.

*Sick Headaches and Want of Appetite.*

These troubles which annoy us most frequently arise from abnormal states of the stomach, deranged perspiration, or from eating and drinking what is unfit for us. Before ordering the liver and stomach. These organs must be regulated if you wish to be well. The Pills if taken according to the printed instructions, and a moderate quantity partook of daily during the action of both liver and stomach will be found sufficient to give a natural appetite, a good appetite and a clear head. In the East and West Indies scarcely any other medicine is ever used or required.

*Disorders of the Kidneys.*

In all diseases affecting these organs, whether they excite dropsy, or cause little water, or whether they be full of calculi, stone or gravel, or with aches and pains settled in the small of the back, or any of the kindred symptoms, these pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief, when all other means have failed.

*For Stomachs out of Order.*

No medicine will so effectually improve the tone of the stomach as these Pills. They remove all bodily derangement by either intemperance or improper diet. They regent the liver and reduce it to a healthy action when they are wonderfully efficacious in cases of spasms, as they never fail in curing all disorders of the liver and stomach.

*Holloway's Pills are the Best Remedy known in the World for the following Diseases.*

Ague, Female Complaints, Scrofula, or Asthma, Gravel, King's Evil, Bilious Complaints, Head-ache, Jaundice, Sore Throats, Blotches on the Skin, Stone & Gravel, Bowels, Secondary Symptoms, Constipation of the Bowels, Inflammation, Tic Douloureux, Consumption, Lumbago, Tumors, Debility, Dropsy, Rheumatism, Worms of all kinds, Piles, Ulcers, Weakness from any cause, Yellow Fever, Retention of Urine, Venereal Affections, Erysipelas, Stone, &c. &c.

CAUTION—None are genuine unless the words "Holloway, New York and London," are discernible as a watermark in every leaf of the book of directions—Should any be without the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing it to be spurious.

Sold at the Manufactory of Professor Holloway 80 Maiden Lane, New York and by all respectable Druggists and Dealers in Medicine throughout the civilized world, in boxes at 25 cents, 62 cents and $1 each.

**"Unquestionably the best sustained Work of the kind in the World."**

## HARPER'S MAGAZINE.

THE most popular Monthly in the world.—*New York Observer*

No Magazine in Europe or America is so well known; none has half so many readers; and we may safely say, none has received so large a tribute of admiration from the cultivated classes that delight in a healthy, diversified, elevating periodical literature.—It is the foremost Magazine of the day. The broadest never had a more delightful companion, nor the million a more entertaining friend than Harper's Magazine.—*Boston Daily Evening Traveller*

Twenty-five cents buys in the cheapest richest, and most exciting luxury for the money that we know. Three dollars secures it for one year, and what three dollars ever went so far? Put the same amount in clothes, eating, drinking, furniture, and how much of a substantial thing is obtained? If ideas, facts, and sentiments have a monetary value—above all, if the humor that provokes the pleasantest but brings a genial smile and hearten the passage of a truth to your brain, and the happy combination of the real and imaginative, without which no one can make a life above the animal, are to be put into the scale opposite to dollars and cents, then you may be certain, that if Harper were three or four times as dear, it would amply repay its price. It is a Magazine proper, with the title and purpose of a Magazine—not a book, not a newspaper, periodical, nor yet a supplier of light gossip and chatty anecdotes—but a Magazine that takes every form of interest, high and low, refined, and attractive literature in its grasp.—*Southern Times*

The contributors bound constitute a cheerful library of the best writers of the day, such as can not be found in the same compass in any other publication that has come under our notice.—*Boston Courier.*

Unquestionably it is the best-sustained work of the kind in the language, that is to say in the world. The splendid monthly records from the Editor's Table are above price.—*N. Y. Christian Advocate and Journal*

We must refer in terms of eulogy to the high one and varied excellences of Harper's Magazine, a journal with a monthly circulation of about 150,000 copies in whose pages are to be found some of the choicest light and general reading of the day. We spend on this work as an evidence of the American people, and the popularity it has acquired is merited. Each number contains fully 144 pages of instructive matter, appropriately illustrated with good wood-cuts; and it combines in itself the rare quality and the more philosophical quarterly, blended with the best features of the daily journal. It has great power in the creation and dissemination of a love of pure literature.—TUCKER'S *Guide to American Literature, London.*

TERMS:

The Magazine may be obtained of Booksellers, Periodical Agents, or from the Publishers, at Three Dollars a year, or TWENTY FIVE CENTS a Number. The Semi-annual Volumes, in completed, neatly bound in cloth, are sold at Two Dollars each; and Muslin Covers are furnished to those who wish their back Numbers uniformly bound, at Twenty five Cents each—Twenty Volumes are now ready, bound in Cloth, and also in Half Calf.

The Publishers will supply Specimen Numbers gratuitously to Agents and Postmasters, and will make liberal arrangements with them for circulating the Magazine.
