ABOUT THAT CALICO .- By a typographi cal error in last Spy we made Haldeman's advertisement of 61 ct. Calico, worth 10 couts, read "worth 40 cents." Now the Joseph M. Watts, goods in question are undoubtedly cheap at Peter A. Kimburg, a "fip." and assuredly worth 10 cents; but we doubt whether the vender would like to Jas. McGinnis, stake his reputation on our rash assertion of Sam'l Hollingsworth, "worth 40 cents." We therefore take that back, but at the same time advise our readers to call at Haldeman's and ask for that wonderful "40 cent" brand,

RECENT IMPROVEMENTS ON THE POSTAL LAWS. -Several material changes and improvements in the postal service have been authorised by an act of the late Congress, establishing certain post routes. The second section of the act empowers the Postmaster-General to procure and furnish letter sheets with postage stamps impressed thereon. combining in one both a sheet and un enrelope. This supplies a desideratum in certain business and legal proceedings where it is important to prove the date of mailing of a letter by the postmark. With the common envelope this is always difficult and frequently impossible, on account of the latter being separate from the cover on which the postmark is impressed.

To newspaper publishers and their customers in the juterior, the most important section is that which makes it "lawful for persons known as regular dealers in newspapers and periodicals to receive by mail such quantities of either as they may require, and to pay the postage thereon as they may be received, at the same rates as regular subscribers to such publications." This is intended to give the benefit of the rereduced quarterly rates to newspaper dealears who, on account of the irregularity in Provided. That nothing shall be deemed old the number of papers and periodicals they order, find it impossible to pay postage quarterly in advance. It is a very liberal pro-

vision, both to them and their customers. Two other sections enlarge the scope of mailable matter, to be paid for according to nails and spikes, one coat per pound; on the weight of the package, by including maps iron cables or chains, or parts thereof, and engravings. lithographs, or photographic anvils, one dollar and twenty-five cents per prints on rollers or in paper covers, books, one hundred pounds; on anchors, or parts bound or unbound; phonographic paper and thereof, and anvils, one dollar and fifty letter envelopes, all of which are to be rated cents per one hundred pounds; on wrought at one cent an ounce for any place within cents per pound; on bed serews and wrought miles, and two cents an ounce for any dishinges, one cent and a half per pound; on tance over fifteen hundred miles, prepaid by chains, trace chains, halter chains and fence postage stamps. The packages must not exceed four pounds. Cards, blank or printinch in diameter or over, one cent and a cl. in packages weighing at least eight ounces, are made mailable matter at the
