Oakland, Ind., 6th June, 1859.

J. C. Aver & Co. Gents: I feel it my davy to acknowledge what your Saraquarilla has done for mellaving inherited a Scrotilous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was paintin and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterntive (Saraquarilla), for I knew from your reputation that any thing you made must be good. I sent to Cincianati and got it, and used it till it cured me. I took it, as you advise, in small doses of a tenspoonful over a month, and used almost three bottles. New and healthy skin is now clear, and I know by my feelings that the discuss has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and romain ever gratefully.

I have cured many invoterate cases of Lenorrhoa by it, and some where the complaint was caused by interaction of the uterns. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements.

Edward S. Marrow, of Newbury, Ala., writes, "A dangerons norrien timor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarasquarilla. Our physician thought nothing but extirgation could affour critef, but he advised the trial of your Exraparilla as the last reset before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."
