The enquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be re-good order and of natural color? To all lean and do naws wer inversably yes. My hair is even better than any stage of my life for 40 years past, more soit thruly, and better colores; the same is true of my whickers, and the only cance why it is not generally true, is that the substance is washed off by frequent abuition of the face, when if care were used by wip-ting the lace in close connection with the whickers the same result will follow as the hair.
