Pimples, Pustules, Blotches, Bolls, Blains, and all Skin Diseases.

Oakland, Ind., 6th June, 1859.

J. C. Aten & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me-liaving inherited a Scrotilous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcars on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and leathsome beyond description. I tried many medicine and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Goopel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnatiand got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scale, which after a while foli off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well bolleve that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the sgr, and remain over gratefully.

Syphilis and Mercurial Disease.

New Oneans, 25th August, 1859.

Dr. J. C. Afri: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Disease. One of my patients had Sphillite ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without soon disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this potion in her hones. They had become so tensitive to the weather that on a damp day hie suffered excruciating pain in her joints and hones. She, too, was cured entirely by your Sarsaparilla in a low weeks. I know from its formula, which your agent gave me, that this Preparalion from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me Fraternally yours,

Dr. J. C. Ayra: Sir, I have been afflicted with a painful chronic Rheumatism for a long time, which baffled the
skill of physicians, and stuck to me in spite of all the
remedies I could find, until I tried your Sarasparills. One
bottle cured me in two weeks, and restored my general
health so much that I am far better than before I was
attacked. I think it a wonderful medicine. J. FREAM. attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writen: "I have been
afflicted for years with an offection of the Liver, which
destroyed my health. I tried every thing, and every thing
falled to relieve me; and I have been a broken-down man
for some years from no other cause than derangement of
the Liver. My beloved pastor, the Rev. Mr. Eapy, advised
me to try your Sarsaparilla, because he said he knew you,
and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood
as to make a new man of me. I feel young again. The
best that can be said of you is not half good enough."

Many remarkable cures of these affections have been made by the alterative power of this medicine. It simulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.
