MARK THESE FACTS.

The Testimony of the Whole World.
HOLLOWAY'S OINTMENT.

Bad Legs, Bad Breasts, Sores and Ulcers.

All description of sores are remedied by the proper and diligent use of this medicine properly rubbed. To attempt to cure bad legs by simply covering the sores of the skin and together is folly; for should the skin unite a foggy diseased condition remains underneath to break out with ten fold fury in a few days. The only rational and successful treatment, as indicated by nature, is to reduce the inflammation and abate the wound and to soothe the neighboring parts by rubbing in plenty of the Ointment as salt is forced into meat.

Diptheria, Ulcerated Sore Throat, and Scarlet and Other Fevers.

Any of the above diseases may be cured by well rubbing the Ointment three times a day into the chest, throat and neck of the patient, it will soon penetrate and give immediate relief. Medicine taken by the mouth must operate upon the whole system ere its influence can be felt in any local part, whereas the Ointment will do its work at once. Wherever it rubs the patient in the above manner for the diseases named, or any similar disorders affecting the chest or throat, will had themselves relieved as by a charm.

Piles, Fistulas, Strictures.

The above cases of complaints will be removed by rapidly fomenting the parts with warm water and then by gently rubbing in the Ointment—Persons suffering from these direful complaints should lose not a moment in arresting their progress. It should be understood that it is not sufficient merely to smear the Ointment on the effected parts, but it must be well rubbed in for some considerable time two or three times a day that it may be taken into the system, whence it will remove any tendency to sore or wound as effectually as, though applied to the skin. There again bread and water poultices, after the rubbing in of the Ointment, will do great service—Poultices in the early stage of inflammation are of great service, but should not be applied to old sores, as they only encourage a greater discharge of matter.

Indiscretions of Youth; Sores and Ulcers.

Blotches, as also swellings of a painful character, be radically cured if the Ointment be used freely, and the Pills be taken night and morning as recommended in the printed instructions. When treated in any other way they only dry up in one place to break out in another, whereas this Ointment will remove the humor from the system, and leave the patient a vigorous and healthy being. It will require time with the most of the Pills to ensure a lasting cure.

Dropsical Swellings, Paralysis and Stiff Joints

Although the above complaints differ widely in their origin and nature, yet they all require local treatment. Many of the worst cases of such diseases will yield in a comparatively short space of time when this Ointment is properly used, namely, rubbing the parts affected with the Ointment, and at the same time administering the proper directions as contained in each box.

Both the Ointment and Pills should be used in the following cases:

Bad Legs,	Coco (Sea)	Rheumatism,
Bad Breasts,	Cancers,	Scalds,
Burns,	Contracted and	Sore Nipples,
Bunions	Stiff Joints,	Sore Throats,
Bite of Moschetoe	Elephantiasis,	Skin Diseases,
Bite and Sand Flies,	Fistulas,	Tumors,
	Gout,	Sore Heads,
Coco,	Glandular Swell-	Fumers,
go foot,	ings,	Ulcers,
Burns,	Lumbago,	Wounds,
Sand Hands,	Piles,	Yaws

ALL Who Value Sound and genuine unless the words "Holloway, New York and London" are discernible as a watermark in every leaf of the book of directions. Each pot or box, the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same knowing them to be spurious.
*** Sold at the Manufactories of Professor Holloway, 80 Maiden Lane New York and by all respectable druggists and dealers in Medicine throughout the civilized world, in boxes at 25 cents, 62 cents and $1 each.
There is considerable saving by taking the larger sizes.

The Best, Cheapest, and most Successful Family Paper in the Union.

HARPER'S WEEKLY,

Price Five cents a number, $2,50 per year

THE variety, the originalness and the value of the contents. There is a complete history of all the public events of the year—there are also discussions on the leading topics—there are the current tidings (not to say scandal) heard on the (generally speaking) gossiping Lounging Lounge are the tales and stories of Bulwer, Dickens, Thackeray &c—there are the new and old—and, above all, there are those striking wood cut representations of contemporary men and things, of notices and of casualties, and of events and circumstances which will in after years become and remain the materials of a large portion of the future knowledge of the times and of the actors in all the phases, and in nearly all matters. Every class of readers, moreover, may be interested by these and thoughtful, the young and gay; the men of business, the child and the woman.—*N. Y. Evening Post.*

We would not so often call attention to *Harper's Weekly* if we were not well satisfied that it is the only paper published in the United States, and in our opinion, and that alone, deserving to be in the family circle, and not such a certain kind of literature now prevalent which blunts the morals of its readers, vitiates their taste for sensible reading, and is altogether bad in its effects.—*New London Advertiser.*

As Harper's stands at present, those who should be disposed to drive out the yet low-covered literature, so that we should be glad to see this new Weekly take the place of those papers which do not for excellence enter a door, flashy novels.—*New York Evangelist.*

Harper's Weekly is the proper size for binding, and an excellent opportunity is afforded for any one who wishes to preserve the history of the country as it is made, to do so by filing Harper's Weekly.—*Pantagraph (Ill.) Jack onian.*

It is an admirable paper, type, its entertaining reading, its excellent illustrations upon the follies of the times, its elegantly written, and instructive articles and its able correspondence all combine to make it the model newspaper of our country, and one that every family must prize.—*Rockingham (Va.) Register*

Harper's Weekly is a first-class family newspaper, and we know of no better investment that can be made for a dollar than a subscription to it.—*Methodist Protestant (Baltimore)*

Two splendid steel plates illustrating the Fashions, are published in each number of Harper's Magazine, and in addition to these, every number contains numerous other engravings, of such merit as would render each one worth the price of the entire work.—*Boston Courier.*

Johnson's Patent Hog Trough.

THE subscribers having purchased the right to manufacture and sell this invention in Lancaster county, desire to introduce it to general use. It is a cast iron trough with a shifting top, of sufficient capacity to hold the feed of one hog. It is so constructed that the animal cannot get its feet into it, and must take its feed without the usual scrambling and splashing. By the arrangement of the top the hog is prevented from feeding until the trough is filled; when the top can be shifted at will. The trough will be found a great convenience in feeding, and must, when known, become popular. The troughs are for sale at the shops in Second street below Union, Columbia, Pa.
