AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OLTANA, Ind., 6th June, 1859.

J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was induced to read in the Gospel Messenger that you had prepared an alterative (sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it, and it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. Now my healthy skin soon began to form under the scurf, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever grateful.

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Priddy writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of the sarsaparilla and a single dose of *Malignant Erysipelas* by large doses of the same; adds he has cured the common *Erysipelas* by it constantly.

Bronchocele, Goitre or Swelled Neck.

Zebulon Shook of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a *Goitre*—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœe or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes, "I must cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the cure of complaints for which you employ such a remedy, but especially in *Female Diseases of the Scrofulous* diathesis. I have cured many inveterate cases of Leucorrhœa by it, and some where the complaint was caused by *ulceration of the uterus*. The alteration itself was soon evident, and my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous *ovarian tumor* on one of the females in my family, which had defied all the remedies we could employ, has at length been completely routed by your Extract of Sarsaparilla. One Physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remained."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1859.

DR. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Tertiary and Mercurial Disease*. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in few weeks. Another was afflicted by secondary symptoms in his nose, and the alteration had eaten away a considerable part of it, so that I believe the wonder would soon be all his own and full him. But it yielded to his use, and a restoration of your Sarsaparilla's effects is decided, and it will be, I am satisfied, without one disfiguring blemish. A woman who had been treated for the same trouble by mercury was suffering from the same causes. I had to come on another Cycle of medicine, and the Sarsaparilla was commencing just as the pains and disease ceased, and cured entirely by it in a few weeks. I know it on its merits, which your agent gave me, that your Preparation is one you feel you may use a great deal more freely, as no purifying, alterative remedy I am acquainted with have it surpassed in me.

Respectfully, &c., G. A. LARTIGUE, M. D.

Rheumatism, Gout, Liver Complaint.

DEPOSIT STATION, PRESTON CO., VA., 14th July, 1859.

DR. J. C. AYER & Co.: I have been afflicted with a painful gout on my knee for a long time, which baffled the skill of all the doctors and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle almost removed the disease, and two completed a wonderful cure. I can do better than to refer you to those who are attacked. I think it would relieve them.

J. V. TAYLOR.

John V. Gehlbach, of St. Louis, writes: "I have been afflicted for years with a severe *Liver* complaint, and a stream of bile has been flowing from me almost daily. I have tried many remedies, but they have all failed to relieve me, and I have been confined to my bed for some years, as much of the time as not, under the care of the Liver. My whole system was filled with bile, and my skin was yellow as gold. By the blessing of God I was induced to use your Sarsaparilla, and the least that can be said is that it has done me more good than all the medicine I ever took before."

Scirrhus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us from cures of these complaints by the use of this remedy, but the two following are the most remarkable we have received them. Some of the limbs in the cases were actually shortened by the contraction of the muscles, which the agents believe was entirely removed by the use of the Sarsaparilla, and the limbs restored to their natural length and size.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia

Have remedy. Directions for these complaints are to be found in the almanac we publish gratis. It states the most common symptoms which each of these diseases produces, and then points out the remedies which should be used to overcome them. Such a remedy, backed by such evidence, and by the most extensive trial ever made of any medicine in the world, is confidently believed to be the best that can be done for them all that the afflicted can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is needless here to publish the evidences of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary complaints, have made it known throughout all the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. All know the deceitful fatality of these disorders, and as they know, too, the effects of the remedy, we need not say more than to assure them that it may be relied on as ever that it did before, when its virtues were known only to a small circle of our neighbors.

MARK THESE FACTS,

The Testimony of the Whole World.

HOLLOWAY'S OINTMENT.

Bad Legs, Bad Breasts, Sores and Ulcers.

All description of sores are remediable by the proper and diligent use of this inestimable preparation. To attempt to cure bad legs by plastering the edges of the wound together is folly; for should the skin unite, a baggy ill-nursed condition remains underneath to break out with ten fold fury in a few days. The only rational and successful treatment, as indicated by nature, is to reduce the inflammation in and about the wound and to soothe the neighboring parts by rubbing in plenty of the Ointment as salt is forced into meat.

Diphtheria, Ulcerated Sore Throat, and Scarlet and Other Fevers.

Any of the above diseases may be cured by well rubbing the Ointment three times a day into the chest, throat and neck of the patient; it will soon penetrate and give immediate relief. Medicine taken by the mouth must operate upon the whole system ere its influence can be felt in any local part, whereas the Ointment will do its work *at once*. Whoever rubs the ointment in the above manner for the diseases named, or any similar disorders affecting the chest or throat, will find them relieved as by a charm.

Piles, Fistulas, Strictures.

The above class of complaints will be removed by night by simply fomenting the parts with warm water, and then by most effectually rubbing in the Ointment.—Persons suffering from these direful complaints should lose not a moment in arresting their progress. It should be understood that it is not sufficient merely to smear the ointment on the affected parts, but it must be well rubbed in for some considerable time two or three times a day, that it may be taken into the system, whence it will remove any hidden sore or wound as effectually as though palpable to the eye. The rule is, the more ointment you rub in, after the rubbing in of the Ointment, will be the great service—This is the only sure treatment for painless cases of cancer in the stomach, or where these may be a general tearing down.

Indiscretions of Youth; Sores and Ulcers.

Blotches, as also scaldings, &c., with certainty be radically cured if the Ointment be used freely, and the Pills be taken night and morning as recommended in the printed instructions. When treated in any other way they only dry up in one place to break out in another, whereas this Ointment will remove the humor from the system, and leave the patient a vigorous and healthy being. It will require time with the use of the Pills to purify the blood.

Dropsical Swellings, Paralysis and Stiff Joints

All though the above complaints differ widely in their origin and nature, yet they all require local treatment. Many of the worst cases of sores and ulcers will yield in a comparatively short space of time when this Ointment is generally rubbed into the parts affected. Even if the sore or ulcer be of many years' standing, persons must take the Pills should be taken according to the printed directions accompanying each box.

Both the Ointment and Pills should be used in the following cases:

Bad Legs,	Corns (Soft)	Rheumatism,
Bad Breasts,	Cancers,	Scalds,
Burns,	Contracted and	Sore Nipples,
Bunions,	Stiff Joints,	Sore Throats,
Bite of Moschetoe,	Elephantiasis,	Skin Diseases,

CAUTION!—None are genuine unless the words "Holloway, New York and London," are discernible as a water-mark in every leaf of the book of directions around each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

COMMISSION BUSINESS.

THE undersigned having associated together for the purpose of doing a

COAL & IRON COMMISSION BUSINESS,

in the Borough of Columbia, Lancaster county, Pa respectfully inform Shippers that they have leased from the Canal Department of the Pennsylvania Railroad Company the large and commodious Wharf on the west side of the Canal Basin, now completed here in length by sixty-six feet in width, and are now prepared to receive and transship Coal and Iron on the most satisfactory terms. Our facilities for doing business are so great that we flatter ourselves there will not be any detention in forwarding all freight to its destination. We solicit consignments, and promise on our part prompt attention to the business entrusted to our care.

Johnson's Patent Hog Trough.

THE subscribers having purchased the right to manufacture and sell this invention in Lancaster county, desire to introduce it to general use. It is a cast iron troughwith a shifting top, of sufficient capacity to hold the feed of one hog. It is so constructed that the animal cannot get its feet into it, and must take its feed without the usual scrambling and splashing. By the arrangement of the top the hog is prevented from feeding until the trough is filled; when the top can be shifted at will. The trough will be found a great convenience in feeding, and must, when known, become popular The troughs are for sale at the shops in Second street below Union, Columbia, Pa.
