AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD. And for the speely cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Exuptions, Pimples, Pustules, Biotches, Boils, Blains, and all Skin Diseases.

Pimples, Pustules, Blothes Boils, Blains, and all Skin Diseases.

Oarlin, Ind., 5th June, 1859.

J. C. Ayre & Co. Gents: I feel it my duly to acknowledge what your Surgaparilla has done for melasting inherited a Scrofibous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ucers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was paluful and iontisome beyond description. I tried many nedleines and soveral physicians, but without much roles from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Goopel Messenger that you had prepared an alternative (Sarapanilla), for I knew from your reputation that any thing you made must be good. I sent to Cineminali and got it, and used it till it cured me. I took it, as you addise, in guall doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to kom under the sech, which after a whole fell off. My skin is now clear, and I know by my feedings that the descase has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostice of the age, and remain ever gratefully.

Syphilis and Mercurral Disease.

New Orleans, 25th August, 1869.

Dr. J. C. Aven: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my prairtic, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Teneral and Mercurial Disease. One of my patients had Syphilite ulcers in his throat, which were consuming his pulsate and the top of his month. Your Sarsaparilla, steadily taken, cured him in five weeds. Another was straked by secondary symptoms in his mose, and the ulceration had enter gays a considerable part of it, so that I believe the absorber would soon seach his brain and kill him. But it yielded to my administration of your bursaparilla it to the criteriot of to my administration of your bursaparilla the ulcers healed, and he is well again, not of course without some if, adjuration to his face. A woman who had been treated for the same disorder by mercury was suffering from this personnel for bones. They had become so sensitive for the weather that on a damp day she suffered excuranting pain in her joints and homes. She, too, we cured entirely by your sursaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your belonatory must be a greatisemely; consequently, these truly remarkable results with it have not surprised me.
