Sarsaparilla FOR PURIFYING THE BLOOD.

FOR PUBLIFYING THE BLOOD.

And for the speedy care of the following complaints: Serofals and Serofallous Affectious, such as Tumors, Ulcers, Sores, Emptions, Pimples, Pastules, Blotches, Bolis, Billins, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. Aven & Co. Jenus: I feel it my duly to genoviedge what your Eurosparilis has done for me. Having interied a Serofalous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sext, which was pulpid and locationed by years and the forest many medicines and several physicians, but, without much relief from any thing. In fact, the disorder graw worse. At length I was rejeiced to read in the Gospel Messenger that you hap propared an alterative (Sarsapantills), for I knew from your reputation that any thing you made must be good. I sent to Cincinnatiand got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a mouth, and used almost three bottles. New and healthy skin soon began to form mader the scal, while after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I toll you, that I hold you to be one of the appoints of the ago, and remain ever gratefully.

St. Anthony's Fire, Rose or Errsipelas, Tester and Salt Rileaum. Scald Hend.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheam, Scald Head, Ringworm, Sore Eyes, Dropsy. Dr. Robert M. Preble writes from Salem, N. Y., 12th Eept., 1859, that he has cured an inveterate case of Dropny, which threatened to terminate fatally, by the persovering use of our Sarsuparilla, and also a dangerous Malignant Erupipleas by large does of the same; says the cures the common Erupitions by it constantly.

proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

New Onleans, 25th August, 1859.
Dr. J. C. Atel. Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have cared with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his month. Your Suraparilla, eleadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had seten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla: the ulcers healed, and he is well again, not of course without some disfiguration to this face. A woman who had been treated for the same disorder by mercury was suffering from this poton in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. Ser, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agont gave me, that this Preparation from your hoboratory must be a great remedy; consequently, these tuly tennak table results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Many remarkable cures of these affections have been made by the afterative power of this medicine. It stimulates the viral functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a nemely has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral

FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Cou-sumption, and for the Relief of Cousumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is uscless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the victues that it did have when making the cures which have won so strongly upon the confidence of mankind.
