and for the speedy cure of the following complaints: Scrotula and Scrotuloif Affections, such as Tamors, Ulcers, it was, Eruptions, Pimples, Pusvalles, Llotches, Bolls, Biains, and all Skin Diseases. Pimples, Prustules, Licthes, 1801s, Blains, and all Skin Jimeases.

Oakland, Ind., 6th June, 1859.

J. C. Aren & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Ilaving inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulers on my hands and arms; sometimes it furned inward and distressed me at the stomach. Two years go it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an atterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cheimaatiand got it, and used it till it cured me. I took it, as you advise, in smill doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin son began to form under the scale which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostices of the ago, and remain ever gratefully.

Yours.

Dr. J. B. S. I have cured many inveterate cases of Leucornhea by it, and some where the complaint was caused by subcration of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these feunde derangements."

Lidward S. Matrow, of Newbury, Ala, writes, "A dangerous certain times on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Syphilis and Mercurial Disease.

New Obleans, 28th August, 1859.
Dr. J. C. Atzi Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venered and Mercurial Disease. One of any patients had Syphilitic neers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his most, and the ulceration had eaterly symptoms in his most, and the ulceration had eaterly symptoms in his most, and the ulceration had eaterly symptoms in his most, and the lateratery symptoms in his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been reasted for the same disorder by neverity was suffered excruciating pain in her homes. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and homes. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Frequaration from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V LARIMER, M. D.

as to make a new man of me. I feel young again. The
best that can be said of you is not half good enough."
