Pimples, Pustules, Blotches Boils, Blains, and all Skin Diseases.

Carra & Co. Gents: I feel it my duty to acknowledge what your Sarsapailla has done for me llaving inherited a Scrofilous infection, I have suffered from it in various ways for years. Semelines it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and east with one sore, which was painful and loathsonic beyond description. I tried many medicines and several physicians, but without much relief from any thing. In lact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it fill it cured me. I took it, as you and/se, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin son began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the discase has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully.

I have cured many inveterate cases of Lencorrhea by it, and some where the complaint was caused by uterration of the uterus. The uterration itself was soon cmed. Nothing within my knowledge equals it for these female derangements," knowledge equals it for these female derangements," Laward S. Marrow, of Newbury, Aia., writes, "A dangerous orazian timor on one of the females in my family, which had defied all the renedles we could employ, has at least the encouphed by our Extract of Saraspanilla. Our physician thought nothing but extirpation could afford relief, but he advised the tala of your Sarsaparilla as the last reout before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains." Syphilis and Mercurial Disease.

Syphilis and Meccurial Disease.

New Onlease, 25th August, 1859.

Dr. J. C. Aver: Sir, I cheerfully comply with the request of your agent, and reast to you some of the effects I have realized with your Sarsaparilla.

I have emel with it, in my pustue, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Vineral and Meccurial Disease. One of my patients had Syphilitic nlees in his threat, which were consuming his palate and tho top of his mouth. Your Sarsaparilla, stendily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your sarsaparilla: the ulcets healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by meccury was suffering from this proboson in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a lew weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

Rheumatism, Gout, Liver Complaint Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.

Dr. J. C. Avin: Sir, I have been afflicted with a painful chronic Hibeanatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tied your Sansaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my leatht. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me totry your Sursaparilla, because he small be knew you, and any thing you made was worth trying. By the blessing of God It has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not halt good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Carles and Exfoliation of the Bones. A great variety of cases have been reported to us where causes of these formidable commaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia. sy, McIanicholy, Neuralgia.

Many jemakaldo cues of these affections have been made by the alterative power of this mold inc. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remely has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral

FOR THE RAPID CURE OF Coughs, Colds, Influenza, Honracness, Croup, Bronchitis, Incinient Con-sumption, and for the Relief, of Consumptive Patients

This is a remedy so universally known to surpass any other for the cute of threat and lung complaints, that it is useless here to publish the evidence of its virtues. Its univalled excellence for coughs and colds, and its truly univalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some hiving trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects or this remedy, we need not do more than to as arre them that it has now all the virtues that it did have when making the cures which have wen so strongly upon the confidence of mankind.
