FOR PURIFYING THE BLOOD. And for the speedy cure of the following complaints: Scrofala and Scrofalous Affections, such as Tumors, Ulcors, Sores, Exuptions, Pimples, Pustules, Biotches, Boils, Bialus, and all Skin Diseases.

Pinnples, Pustules, Biotches, Bolls, Blains, and all Skin Discass. OattAND, Ind., 6th June, 1859. J. C. Arra & Co. Gents: I feel it my day to ac-knowledge what your Sarsayarilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Uters on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and correal my scalp and ears with one sore, which was pairful and lowthsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In lact, the disorder grew worse. At length I was rejoited to read in the Gospel Messenger that you had prepared an alterative (Sarsayarilla), for I knew from your reputa-tion that any thing you made must be good. I sent to Cincinnation dgath, and used it till it cured me. I took it, as you advise, in small doses of a tenspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my fielings that the disease has gone-from my system. You can well believe that I feel wlaaI I am asying when I tell you, that I hold you to be cuo of the apostles of the age, and remain ever gratefully. Yours, ALPHED D. TALLEY.

I have cured many inter-tie cases of Leucorthear by it, and some where the com-plaint was caused by ulceration of the ulera. The ulcer-ation itself was soon cured. Nothing within my knowl-cky and effed all the remedies we could employ, has at length been completely cured by your Extractof Sar-saparilla. One of my patients land Symbilitic microse in his throat, which were consuming this plaste and the top of his month. Your Sursaparilla, Metadily taken, curred him in five weeks. Another was attacked by sec-ondary symptoms in his no-e, and the ulceration had eaten away a considerable part of it, so that I beliove the disorder would soon reach his brain and kill him.
