PROSPECTUS OF THE
ATLANTIC MONTHLY,
FOR 1862.

THE January number will commence the Ninth Volume of this Magazine. Its very large and still increasing circulation is a gratifying evidence of public appreciation, and no industry will be spared to render the forthcoming volume adequate to the requirements of times so pregnant with great events as those of today. The life of the Republic the best interests of the nation, demand of literature a manly and generous action, and the conductors of this journal will remit no efforts in enlisting the best talent of the country to support with vigor and eloquence those opinions and principles which have the great public heart to stand firm on the side of Freedom and Right. An elevated national American spirit will always be found illustrated in these pages. The ATLANTIC MONTHLY will never give other than the best literature, and it will be the constant aim of its conductors to render its variety greater and its attractions better each month than the last.

Among the contributions already in hand for 1862, the following will commend themselves as sufficient inducements for every family to provide the forthcoming numbers for household reading:

PROFESSOR AGASSIZ will begin in the January number a series of Articles on Natural History, and other kindred topics, to be continued from month to month throughout the year. The name of so distinguished a man of science in connection with this announcement is a sufficient guaranty of the great benefit to be derived from his monthly contributions.

A New Romance by NATHANIEL HAWTHORNE, will appear in THE ATLANTIC early in the year.

A new Story by the late THEODORE WINTHROP, author of "Cecil Dreeme," will be commenced in the January number.

DR. OLIVER W. HOLMES will write for his remarkable contributions on Gymnastics, his series for THE ATLANTIC "The Autobiography of a Strength Seeker," giving an account of his method of training for feats of strength, with advice on matters of Health.

The author of "Life in the Iron Mills," and "A Story of To Day," will contribute a series of Tales during the year.

Articles by PROFESSOR JAMES RUSSELL LOWELL, on topics of national interest, will appear frequently.

BAYARD TAYLOR has written a story which will be printed in the February number.

The Staff of Writers in Prose and Poetry contributing regularly to the ATLANTIC MONTHLY, comprises, among its popular names, the following:

James Russell Lowell,	Charles E Norton,
Henry W Longfellow,	George S. Hillard,
Ralph Waldo Emerson,	Henry Giles,
Nathaniel Hawthorne,	Rev Walter Mitchell,
C. C. Hazewell,	Mrs. H. B. Stowe,
T. W. Higginson,	Harriet Martineau,

HARPER'S
NEW MONTHLY MAGAZINE.

Critical Notices of the Press.

The volumes bound constitute of themselves a library of miscellaneous reading, such as can not be found in the same compass in any other publication that has come under our notice.—*Boston Courier*

The most popular Monthly in the world.—*New York Observer.*

We must refer in terms of eulogy to the high tone and varied excellences of Harper's Magazine, a journal with a monthly circulation of about 170 000 copies, in whose pages are to be found some of the choicest light and general reading of the day. We spend a little work as an evidence of the American people, and the popularity it has acquired is merited. Each number contains fully 144 pages of instructive matter, appropriately illustrated with good wood-cuts; and it combines in itself the very monthly and the more philosophical quarterly, blended with the best features of the daily journal. It has great power in the creation and dissemination of a taste of pure literature.—*Flagg's Guide to American Literature. London.*

No Magazine in Europe or America is so well known; none has half so many readers; and we may safely say, none has received so large a tribute of admiration from the cultivated classes, that delight in a healthy, diversified, elevating periodical literature.—It is the foremost Magazine of the day. The fireside never had a more delightful companion, nor the million a more entertaining friend.—*Methodist Protestant* (Baltimore).

TERMS.

The Magazine may be obtained of Booksellers, Periodical Agents, or from the Publishers, at THREE DOLLARS per TWENTY FIVE CENTS a Number. The Semi-annual Volumes, as completed, neatly bound in Cloth, are sold at Two Dollar each; and Muslin Covers are furnished to those who wish their back Numbers uniformly bound, at Twenty-five Cents each. Twenty-two Volumes are now ready, bound in Cloth, and also in Half Calf.

The Publishers will supply Specimen Numbers gratuitously to Agents and Postmasters, and will make liberal arrangements with them for circulating the Magazine. They will also supply Clubs of Two Persons at Five Dollars a year; or Five Persons at Ten Dollars. Clergymen and Teachers supplied at Two Dollars a year. Numbers from the commencement can now be supplied. Also, the bound Volumes.

The Magazine weighs over seven and not over eight pounds, and contains the largest amount of matter, which must be paid quarterly in advance at the office where the Magazine is received, in THREE CENTS.

AYER'S
Sarsaparilla
FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. AYER & Co., Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from my ailing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully Yours,

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has found an Invincible cure of *Dropsy*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous *Malignant Erysipelas* by large doses of the same; says to cures the common *Eruptions* by it constantly.

Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a *Goitre*—a bidious swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes, "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhœa by it, and some where the complaint was caused by *ulceration of the uterus*. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous *ovarian tumor* on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1859.

DR. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have carried with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Disease*. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla: the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.

DR. J. C. AYER: I have been afflicted with a painful chronic *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an *affection of the Liver*, which destroyed my health. I tried every thing, and every thing failed to relieve me, and I have been a broken-down man for years from no other cause than *derangement of the Liver*. My beloved pastor, the Rev. Mr Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The awful dark cur, the soul of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. Of all the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
