Oakland, Ind., 6th June, 1859.

J. C. Afer & Co. Gents: I feel it my duty to acknowledge what your Earsaparilla has done for me. Ilaving mherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my-scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from my thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospid Messenger that you had prepared an alternative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnatiand got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon legan to form under the scab, which after a while f-ill off. My skin is now clear, and I know by my feelings that the discusse has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostice of the age, and remain over gratefully.

Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrofulous diathesis. I have cured many invoteration cases of Leucorrhea by it, and some where the complaint was caused by ulceration of the uterat. The nieration itself was sono cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Als., writes, "A dangerous versian tamor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our playsicum thought nothing but extipation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

New Onders, 25th August, 1859.
Dr. J. C. Aten: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have enred with it, in my pruetice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cun of Veneral and Mercurial Disease. One of my patients had Syphilitic ulcors in his throat, which were consuming his palate and the top of his month. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by soo ondary symptoms in his nose, and the niceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Farsaparilla: the ulcers healed, and he is well again, not of course without some dissiparation to his face. A woman who had been rested for the same disorder by mercury was suffering from this pot-on in lare bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entitlely by your Farsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your labouatory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Praternally yours, G. V. LARIMER, M. D.

Jules Y. Getchell, of St. Louis, writes: "I have been
sfilleted for years with an affection of the Liver, which
destroyed my health. I tried every thing, and every thing
falled to relieve me; and I have been a broken-down man
for some years from no other cause that derangement of
the Liver. My beloved pastor, the Rev. Mr. Espy, advised
me to try your Sansaparilla, because he said he knew you,
and any thing you made was worth trying. By the blessing of God it has curred me, and hus so purified my blood
as to make a new man of me. I feel young again. The
best that can be said of you is not half good enough."

Schirrus. Cancer Tumors, Enlargement, Ulceration, Carles and Exfoliation of the Bones. the Bones.

A great vallety of cases have been reported to us where currer of these formhaldle complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almatanc, which the agents below named are pleased to formish grains to all who call for them.

Dyspepsin, Heart Discase, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable curs of these affections have been made by the afterative power of this medicine. It stimulates the viral functions into vigorous action, and thus overcomes disarders which would be supposed beyond its reach. Such a remely has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

This is a remedy so universally known to surpass any other for the case of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cases of jumonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects— Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful stality of these disorders, and as they know, too, the effects or this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have wen so strongly upon the confidence of mankind.
