Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Cou-sumption, and for the Relief of Consumptive Patients in advanced Stages This is a remedy so universally known to surpass any other for the cuto of throat and lung complaints, that it is useless here to publish the evidence of its virtue. Its univalled excellence for coughs and colds, and its truly wonderful cures of paimonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreafful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have wen so strongly upon the confidence of mankind. ries. J. C. Aven & Co. Gents: I feel it my duty to acknowledge what your Savagarilla has done for ase. Ilaving biterited a Scrotinus infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sametimes it turned invarious ways for years. Sometimes it burst out in Ulcers on my hands and arms; sametimes it turned invarious ways for years. Sometimes it burst out in Ulcers on my hands and arms; sametimes it turned invariant and continued and server physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinual and got it, and used it till it cured me. I took it, as you ndvise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while foll off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I held you to be one of the aposites of the age, and remain ever gratefailly.

Yours.

Channing, of New York City, writes, "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Fenale Disease of the Scrofulous diathesis. I have cured many inveter-tacases of Leucorrhea by it, and some where the complaint was caused by ulcerations of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Etward S. Marrow, of Newlury, Ala, writes, "A dangerous overrian timor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsapatilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsapatilla as the last recort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of its disease remains."

Solumbin, April 11, 1857. Syphilis and Mercurral Bisease.

New Orderns, 25th August, 1859.
Dr. J. C. Atti. Sir, I cheefoldy comply with the request of your agent, and report to you some of the effects I have carred with it, in my prastice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venezuel and Mercurral Disease. One of my patients had Syphilitic uleres in his threat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Arother was attacked by secondary symptoms in his nose, and the alcention had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sursaparilla: the ulcos healed, nod he is well again, not of course without some disliguration to his face. A woman who had been treated for the same decoder by neceury was suffered extractating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these tuly remarkable results with it have not surprised mo.

Praternally yours, G. V. LARIMER, M. D.
