Primples, Purtules, Hotches, Holls, Blains, and all Skin Discuses.

OARLAND, Ind., 6th June, 1869.

J. C. Afer & Co. Gents: I feel it my duty to acknowledge what your Europardilla has done for me. Ifavige inherited a Scrotlone indiction, I have suffered from it in various ways for years. Sometimes it burst out is Ulever on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years up to the took out on my head and covered my scalp and ears with one sore, which was painful and loathoone beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Saraparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnatiand got it, and used it till it cured me. I took it, as you advise, in small doses of a tea-poonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my kellings that the discuss has gone from my system. You can well believe that I feel what I am as jing when I tell you, that I hold you to be one of the apostles of the age, and well believe that I feel what I am as jing when I tell you, that I hold you to be one of the apostles of the age, and it may be a supplied to the age of the age.

Dr. J. B. S. Channing, of New York City, writes, "I most cheerfully comply with the request of your agent in saying I have found your Sarsparilla a most excellent ilterative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrothlous distiness. I have cured many inveterate cases of Leucerntea by it, and some where the complaint was caused by ulceration of the uterus. The ulceration listed was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala, writos, "A dangerous nearian timor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsuparilla. Syphilis and Mercurial Disease.

New Orleans, 25th August, 1859.

Dr. J. C. Ater. Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have carried with it, in my prastice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the care of Fracted and Mercurial Disease. One of my patients had Syphilitic ulcers in his threat, which were consuming his palate and the top of his mouth. Your Sursaparilla, stoadly taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sursaparilla; the dicers healed, and he is well again, not of course without some disfluencion to his face. A woman who had been treated for his sance disorder by mercury was suffering still the post-on in her home. They had become so ensured entirely by nor John and bonnes. Ehe, too, was cured entirely by nor John and bonnes. Ehe, too, was cured entirely and post of the same distribution of my the suffered exercical trails and the Preparation from your lakentory must be a great tenedy; consequently, these truly remarkable results with it late not surprised me.

Ayan: Sir, I have been affilted with a painful chronic Rheumatism for a long time, which buffled the skill of physicians, and stack to me in spite of all the remedical could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restoad my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Gelchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and overy thing failed to relieve me; and I have been a broken-down man for some years from no other cause than deragement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God thas cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that car, be said of you is not had good enough."

A gent variety of cases have been reported to us where
curse of these termidable complaints have resulted from
the use of this tenuch, but our space here will not admit
them. Some of them may be found in our American
Almanac, which the agents below named are pleased to
farnish gattis to all who call for them.

Dyspepsia, Henry Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable curs of these affections have been made by the alterative power of this medicine. It slimulates the viral functions into vigorous action, and thus overcemes diseases which would be supposed beyond its reach. Such a tensely has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral, FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarscness, Croup, Bronchitis, Incipient Con-sumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of threat and lung complaints, that it is useless here to publish the evidence of its virtues. Its univalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—noun little troubly in their mides of its victory over the who have not some personal experience of its effects— some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fainlify of these disorders, and as they know, too, the effects or this remely, we need not do more than to assure them that it has now all the vir-tues that it did have when making the cures which have wen so strongly upon the confidence of mankind.
