OAKLAN, Ind., 6th June, 1859.

TYT. C. ATHE CO. Gents: I feel it my duty to acthous ledge what your Seraparila has done for me, Having inherited a Scromlous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; semetimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and cars with one sore, which was painful and polshome beyond description. I tried many-incidence and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to red in the Uospel Messenger that you had prepared an interative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnatiand got it, and used it till it cured me. I took it, as you ashise, in small doses of a teaspoonful over a month, and used aimost three bottles. New and healthy skin soon began to form under the seab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I fell you, that I hold you to be one of the agostles of the age, and remain ever gratefully.

Leucorrheen of Whites. Ovarian Tumor, Uterino Ulceration, Fernale Diseases.

Dr. J. B. S. Channing, of New York City, writes, "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent illerative in the numerous complaints for which we employ such a remedy, but especially in Finale Diseases of the Scrofulous disthesis. I have cured many inveterate cases of Leucorrheen by it, and some where the complaint was caused by ulceration of the uterus. The theoretical intellection was consuced. Nothing within my knowledge equals it for those female derangements."

Edward S. Marrow, of Newburry, Als., writes, "A dangerous avarian tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extinction could afford relief, but he advised the trial of your Sarsaparilla. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

New Obleans, 25th August, 1859.

Dr. J. C. Ater: Sir, I clearfully comply with the request of your agent, and report to you some of the effects I have earlied with your Saraparilla.

I have aured with it, in my practice, most of the complaints for which R is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Disease. One of my patients land Syphilitic nicres in his throat, which were consuming his palate and the top of his month. Your Saraparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the niceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Saraparilla: the nicers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been tested for the same disorder by mercury was suffering tion this poteon in her bones. They had become so sustine the protein in the toms. They had become so such containing sails is her joints and bones, Sele, too, was cured entirely by your Saraparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly temarkable results with it have not surplised me.

Dyspepsin, Heart Disease, Fits, Epilopsys, Melancholy, Neuralgia.

Many remarkable cures of these affections have been small by the afterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcenos diseaders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Aver's Cherry Pectoral TOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitts, Inciplent Con-sumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease. This is a remedy so universally known to surpass any other for the cure of threat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrvalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. I was the communities, or even families, among them rew are the comminments, or even immine, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subble and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the offects of this remedy, we need not do more than to assure them that it has now all the victues that it did have when making the cures which have won so strongly upon the confidence of mankingl.
