Sarsaparilla

FOR PURIFYING THE BLOOD. And for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumora, Ulcera, Sores, Eruptions, Pimples, Pustakes, Motches, Boils, Blains, and all Skin Discusses,

Plimples, Pustaries, Mischens, Bolla, Blaiss, and alf Skin Blackness.

Oakland, Ind., 6th June, 1859.

J. C. Arer & Co. Gents: I feel it my duty to acknowledge what your Sarayarila has done for me. Having minerited a Scrotfouton infection. I have suffered from it in various ways for years. Semetisses it burst out in Uters on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and arm with one sors, which was painful and lessinone beyond description. I tried many medicines and several physicians, but without much relief from my thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Goopel Messenger that you had prepared an atterative (Saraparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnatiand got it, and used it till it cured ms. I took it, as you addise, in small doses of a teaspoonful over a sessath, and used almost three bottless. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Kheam, Scald Head, Ringworm, Sore Eyes, Dropsy. Dr. Robert M. Preble writes from Salem, N. Y., 12th Rept., 1859, that he has cared an inveterate case of Dropny, which therethered to terminate fatally, by the persevering use of our Sarsapadilia, and also a langerous Malignant Erystyleta by large doese of the same; says to cures the common Eruptions by it constantly. Bronchocele, Goitre or Swelled Neck Zebulon Sloan of Prospect, Texas, writes: "Three last fas of your Sarsaparilla cured me from a Golfre—a hid lous swelling on the neck, which I had suffered from yer two years."

bus swelling on the neck, which I had suffaced from ver two years."

Leucorrheea or Whites. Owarian Tumor, Uterine Ulceration, Fernale Diseases.

Dr. J. B. S. Channing, of New York City, writes, "I most cheerfully-comply with the request of your agent in saying I have found your Strapardila a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Fanale Disease if the Scrofulous distillesis. I have cured many inveter-the cases of Leucorrhean by it, and some where the complaint was caused by ulceration of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these founds derangements."

Edward S. Marrow, of Newbury, Ala, writes, "A dangerous accrient tumor on one of the females in my family, which had defied all the remeits we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphills and Mercurini Disease.

Syphilis and Merontal Disease.

New Orleans, 25th August, 1859.

Dr. J. C. Aven: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects 1-have realized with your Sarsaparilla.

I have cuted with your Sarsaparilla and have found its effects ruly wonderful in the ense of Veneral and Merouries in his throat, which were consuming his paints and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in the weeks. Another was attacked by secondary symptons in his mee, and the alternation had exten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of years Sarsaparilla: the nices healed, and he is well again, not of course without some disdiparation to his face. A woman who had been tented for the same disorder by mercury was suffering from this pakon in her homes. They had become so sensitive to the weather that on a damp day she suffered execuciating pain in her joints and homes. She, too, was cared entirely by your Sansaparilla in a few weeks. I know from its formula, which your agent gave me, that this Proparation from your laboratory must be a great remody; consequently, these truly remarkable results with te have not surprised me.
