Sarsaparilla FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Exuptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

Pinniles, Puntules, Blotches, Bolls, Blains, and all Skin Diseases.

Oakland, Ind., 6th June, 1859.

J. C. Ayen & Co. Gents: I feel it my duty to acknowledge what your Savaparilla has done for me. Having inherited a Scrofulous infection, I have saffared from it in various ways for years. Sometimes it bearst out in Uters on my hands and arm: sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sora, which was painful and loatheone beyond description. I tried many medicines and several physicians, but without much roller from any thing. In lact, the disorder grew worse. At length I was rejeiced to read in the Goopel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that mny thing you made must be good. I sent to Cincinnatiand got if, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin som began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease hus gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully.

Dr. J. B. S. I have cured many inveter-the cases of Leucarthean by it, and some where the complaint was caused by nderation of the uterus. The ulceration listed was soon cured. Nothing within my knowledge equals it for these founds derangements."

Edward S. Marrow, of Newbury, Ala, writes, "A dangerous overfan timor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsapatilla. Syphilis and Mercurial Disease.

New Onders, 25th August, 1869.

Dr. J. C. Arrn: Sir. I cheerfully counly with the request of your agent, and report to you some of the effects. I have realized with your Sarsaparilla.

I have circle with it, in my prastice, most of the completing for which it is recommended, and have found its effects truly wonderful in the cure of Freezed and Mercurial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palaste and the top of his month. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was stateked by secondary symptoms in his nose, and the ulcerstion had exten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla: the ulcers heated, and he is well again, not of course without some disfiguation to his face. A woman who had been treated for the same disorder by mercury was suffering from this poseon in her bones. They had become so sensitive to the weather that on a damp days he suffered extracting pain in her joints and hones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its foundle, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these taily imarkable results with it have not surprised me.

Dr. J. C. Avrn: Sir, I have been affiliede with a painful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sursapparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and avery thing failed to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaprailla, because he said he krew you, and any thing you made was worth trying. By the blessing of foot it has comed me, and has so purified my blood as to make a new man of me. I feel young again. The best that car, be said of you is not half good onough."

This is a reactly so universally known to surpass any other for the cure of threat and lung complaints, that it is useless here to publish the evidence of its virtues. Its invivales descellence of roughs and colds and its truly wonderful cures of pulmonary disease, have made it known throughout the clivilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some hving trophy in their midst of its victory over the aubtle and dangerous disorders of the threat and lungs. As all know the dreadful fafality of these disorders, and so they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
