Sarsaparilla FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tunors, Ulcers, Sores, Kruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

Pimples, Pustules, Blotches, Bells, Blains, and all Skin Diseases.

Oakland, Ind., 6th June, 1859.

J. C. Ayer & Co. Gents: I feel it my duly to acknowledge what your Earsaparlia has done for me. Having inherited a Scrofulous infection. I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stometh. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was pulnful and leathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In last, the disorder grew worse. At length I was rejoiced to read in the Gorpel Messenger that you had prepared an afterative (Sarsaparilia), for I knew from your reputation that any thing you made must be good. I sent to Clinchanatiand got it, and used it till it cured me. I took it, as you advise, in small doese of a tesspoonful over a month, and used almost three bottles. New and healthy skin some dear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the spostles of the age, and remain ever gratefully.

St. Anthony's Fire, Rose or Erystpelus, Tetter and Salt Rhazam. Scalib Lengt.

At Atthony's Fire, Rose or Erysipelus, Tetter and Salt Rheam, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Proble writes from Salen, N. Y., 12th Sept., 1859, that he has cured an inveterate case of Dropsy, which throatened to terminate Latally, by the persevering use of our Saraparilla, and also a dangerous Malignant Erysipelus by large does of the same; says accures the compon Eruptions by it constantly. Bronchocele, Goltre or Swelled Neck. Zebulon Sloan of Prospect, Texas, wites: "Three led des of your Sarasparilla cutod me from a Golfre—a hid

lous awelling on the neck, which I had suffered from yes two years."

Leucourhess or Whitess, Ovariam Tumor, Uterine Ulcerations, Fernale Diseases.

Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the request of your agent in saving I have found your Saraparilla a most excellent ilterative in the numerous complaints for which we supply such a remedy, but especially in France Diseases of the Scrothous disthesis. I have coved many inveterate cases of Leucortheas by it, and some where the complaint was caused by ulcration of the uterus. The ulceration isself was some cured. Nothing within my knowledge equals it for these female denagements."

Edward S. Marrow, of Newbury, Ala, writes, "A dangerous averian tenor on one of the females in my family, which had defined all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extripation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it powed effectual. After taking your remody eight weeks no symptom of the disease remains."

no symptom of the disease remains."

Syphilis and Morcural Pisease.

New Orleans, 25th August, 1889.

Dr. J. C. Aver: Sir, I choerfully comply with the request of your agent, and report to you some of the effect I have realized with your Saraparilla.

I have cared with it, in my prastice, most of the complaints for which it is vectomended, and have found its officies truly wonderful in the cure of Feneral and Mercural Disease. One of my patients had Spplillito ulcrew in his threat, which were consuming his palated and the top of like mouth. Your Sarasparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had staten away a considerable part of it, so that I believe the meether would soon reach his brain and kill him. But it yielded to my administration of your Sarasparilla; the alocus healed, and he is well sgain, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering room this prison in her hours. They had become so sensitive to the weather that on a damp day she suffered extending pain in her joints and bone. She, too, was cured entirely by your Sarasparilla in a few weeks. I know from its formula, whilek your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently these tuly temarkable results with it have not surplised me.

Fraternally yours, G. V. LARIMER, M. D. Syphilis and Mercurial Disease.

Rheumatism, Gout, Liver Complaint INDEFENDENCE, Preston Co., Va., 6th July, 1859.

Dr. J. C. Aven: Sir, I have been attlicted with a painful chronic likenmatism for a long time, which baffed the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Saraparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think its wonderful medicine. J. FIREAM. attacked. I think it a wonderful medicine. J. FREAM. Jules Y. Getchell, of St. Jonis, writes: "I have been affilted for years with an affection of the Ziver, which destroyed my health. I tried every thing, and every thing skiled to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Javer. My beloved pastor, the Rev. Mr. Espy, advised me to try your Samparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of doci it has cured me, and has so purified my blood as to make a new man of me. I feel young sgalu. The best that car, be said of you is not half good enough." schirrus, Cancer Tumors, Enlargement, Ulceration, Carles and Exfoliation of the Bones.

A great visity of cases have been reported to us where one so of these foundable complaints have consided from the use of this remedy, but our space here will not admit thom. Some of them may be found in our American Almanac, which the agents below named are pleased to formish gratisto all who call for them.

Dyspepsia. Heart Disease, Fits, Epilep-sy, Melancholy, Neuralgia. my, meaningly, Reurrigia. Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disarders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.
