AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumors, Vicers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Discases. Pimples, Pustules, Blotches, Boils, Blains, and all Skin Discasses.

Oakland, Ind., 6th June, 1859.

J. C. Area & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having sinkerited a Scrofalous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it burst urned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sors, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any titing. In fact, the disurder grow worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alternitive (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cinchinatiand got it, and used it till it cured me. I took it, as you advise, in small doese of a tenspoonful over a month, and used almost three bottles. New and healthy skin seon began to form under the scab, which after a while feli off. My skin is now clear, and I know by my feelings that the discuss has gone from my system. You can well believe that I feel what I am asying when I tell you, that I hold you to be one of the apostles of the age, and romain over gratefully.

Dr. J. B. S. Chaming, of New York City, writes, "I most cheerfully comply with the request of your agent in saving I have found your Saraparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Finele Diseases of the Scrofnlone distribution. I have curred many invetegate cases of Leucor loca by it, and some where the complaint was caused by interaction the other. The alteration itself was soon curred. Nothing within my knowledge equals it for these formed derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangeous exertin timor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely curred by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last report before cutting, and it

Syphilis and Mercurial Disease. Syphilis and Mercurial Disease.

New Orleans, 25th August, 1859.

Dr. J. C. Ayer: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have called with your Sarsaparilla.

I have carred with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Disease. One of my patients had Syphilite alcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadly taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the ondary symptoms in his mose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his bada and kill him. But it yielded to my administration of your Faragarailla: the ulcus healed and he is well again, not of course without some distillation to his face. A woman who had been treated for the same drouder by nuncury was suffering from this picton in her bones. They had become so sensitive to the weather that an adamp day she auffered excruciating rain in her joints and bones. She, too, was used entirely by your basaparilla in a few works. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surplied me.

Rheumatism, Gout, Liver Complaint. INDEPENDENCE, Preston Co., Va., 6th July, 1859.
Dr. J. C. Ayer: Sir, I have been afflicted with a painful chronic Rheumitism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One lottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM. attacked. I think it a wonderful medicine. J. FREAM. Jules V. Getchell, of St. Louis, writes: "I have been afflicted for years with an officient of the Laver, which destroyed my health. I tried every thing, and every thing salied to relieve me; and I have been a broken-down man for some years from no other cause than decongement of the Laver. My beloved pasior, the Rev. Mr. Espy, advised me to try your Sansaparulla, because he said he krew you, and any thing you made was worth trying. By the blessing of God at loss coved me, and has so publied my bless as to make a new man of me. I feel young again. The best that car, be said of you is not half good enough."

Dyspepsin, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable curse of these affections have been made by the alterative power of this medicine. It slimulates the vital functions into vigorous action, and thus overceones disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do. Ayer's Cherry Pectoral, FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis. Incipient Con-sumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of threat and lung complaints, that it is useless here to publish the evidence of its victors. Its unrivalled excellence for coughs and colds, and is truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the threat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the victors that it did have when making the cures which lave won so strongly upon the confidence of mankind.
