Pimples, Fustules, Blocches, Boils, Blnins, and all Skin Diseases,

Orkland, Ind., 6th June, 1859.

J. C. Ayer & Co. Gents: I fool it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrothlous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned hward and distressed me at the stomach. Two years ago it broks out on my head and covered my scalp and care with one sors, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grow worse. At length I was rejoiced to read in the Goopel Messenger that you had prepared an altenative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnatiand got it, and used it till it cured me. I took it, as you advise, in small doses of a tersponful over a mouth, and used almost these bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the npostles of the age, and remain over gratefully.

Leucorrheea or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.
Dr. J. B. S. Channing, of New York City, writes, 'I most cheerfully comply with the request of your agent in saying I have found your Saraparilla a most excellent alterative in the numerous complaints for which we employ such a remely, but especially in Finale Disease of the Scrofulous distings. I have cured many inveterate cases of Leucorrhea by it, and some where the complaint was caused by alceration of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newburry, Als., writes, "A dangerous occian tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Susparilla. Our physician thought nothing but extrapation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks not symptom of the disease romains."

Dr. J. C. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FilkAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down mun for some years from no other cause than deraggement of the Liver. My beloved pastor, the Rev. By the blessing of God it has cured me, and has so purified my blood as to make a new men of me. I feel young again. The best that can be said of you is not half god enough."

This is a remely so universily known to surposs any other for the cure of threat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilizad nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle hand dengerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
