AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD. And for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sorce, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OARLAND, Ind., 6th June, 1859.

J. C. Ayra & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofisious infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sors, which was painful and loadisone beyond description. I tried many medicines and soveral physicians, but without much rollef from any thing. In lact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnatiand got it, and used it till it cared me. I took it, as you advise, in small doses of a teasgeonful over a month, and used almost three bottless. New and healthy skin soon legan to foun under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the discuss has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apposite of the age, and remain ever gratefully.

Dr. J. B. S. I have cured many inveterate caused by discretion of the uterus. The uteration itself was soon cured. Nothing within my knowledge equals it for those founds demangements."
Edward S. Marrow, of Newbury, Als., writes, "A dangerous control tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extipation could afford relief, but he advised the trial of your Sarsaparilla as the last report before cutting, and it proved effectual. After taking your remody eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

New Orleans, 25th August, 1850.

Dr. J. C. Aten: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my prastice, most of the complaints for which it is recommended, and have found its officets truly wonderful in the cure of Veneral and Mercurial Disease. One of my patients land Spinillic ulcers in bis throat, which were consuming his palate and the top of his month. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulcernium had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the utcers healed, and he is well again, not of course without some dishiguration to his face. A woman who had been Syphilis and Mercurial Disease. silvers healed, and he is well again, not of course without some distiluration to his face. A woman who had been treated for the same director by moreory was suffering from this poken in her bones. They had become so sensitive to the weather that on a damp day she suffered exeruciating pain in her joints and bones. She too, was cured entirely by your Sarsaparilla in a few weeks. L know from its formula, which your agont gave mo, that this Proparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised mo.

Fraternally yours, G. V LARIMER, M. D.

DR. J. C. AYER: Sir, I have been afflicted with a painful chronic International for a long time, which laffled the skill of physicians, and stuck to me in spite of all the remodels I could find, until I tried your Sarsapatilla. One bottle cared me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM. attacked. of the Disease.

This is a remedy so universally known to surpass any other for the cure of threat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its traly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some litting trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
