While passing down Front street yesterday, we saw two gentlemen some what the worse for having been in conver sation with "Capt. Whiskey." Just as we approached them, and for some unknown use—perhaps physiology—one of them plunged into the gutter. His companion assisted him to rise, and commenced rubbing the dirt from his cont. "Rubbing him down, ch?" exclaimed we. Not exactly; only Scraping an acquaintance.

Of the making of books on etiquette, and the various social and political observances, there has been a surfeit. This is the first wherein a little common sense has been invoked in the matter. . The author is evidently accustomed to good society, and in a quiet, good-natured, but authoritative way, lets those without his advantages have the benefit of his advice. The reader, after examining this volume carefully, will discover that true good-breeding is not—as some books on etiquetic would July 11, Ree'd from Lancaster teach us—more forms and affectation; but that habit of conduct which, while he puts us to the least trouble, places those around us at ease. The price of the book is \$125 sent to any address in the United States, free of postage.

The great difficulty and expense heretofore existing in reasting ores highly impregnated with sulphur, for want of a proper farmace has induced some Iron Masters
to abandon their use altogether.

After much investigation and experimenting CLEMENT B. GRUDB, of Laneaster
Pa., has erected an improved furnace for
roasting such ores, in connection with St.
Charles Furnace at Columbia, where it has
been in use for three months past, giving
the most satisfactory results.

It is now proved beyond cavil, that by

Persons desiring further information or rights to use said Furnace will please address the undersigned at Lancaster, Pa.
