PINE TREE - TAR-CORDIAL: Is The Vital Principle of the

OBTAINED by a peculiar process in the distillation of the tar, by which its highest medical properties are retained.

Pine Tree,

Have You a Cough! Have You a Sore Throat! Have you any of the premonthing symptoms of that most fatal disease. Con-sumption?

Those who should be warned by these symptoms generally think lightly of them until it is too late. From this feet, perhaps, more think any other, arises the and prevalence and fafality of disease which sweeps to the grave at least one sixth of death's victims.

Consumption has destroyed more of the human family than any other disease, and the best physicians for many graze have despaired of a care, or a remedy that would heal the lungs, but for more than two hundred years the whole medical world has been impressed that there was mysterious power and efficiency in the Pine Tree Tario heal the lungs; therefore they have recommended the use of Tar Water, which in many cases had a good effect; but how to combine the medical properties so as to heal the lungs, has ever been a mystery until it was discovered by Dr. L. Q. C. WISHART, of Philadelphia, Pa., the proprietor of "Wishart's Pine Tree Cordial,"

Many, not only of the people, but physicians of overy school and practice, are daily asking me "What is the principle or cause of your success in the treatment of Pulmenary Consumption?" My answer is this:

The invigoration of the digestive organs—the strengthening of the debilitated system—the purification and excionment of the blood, must expol from the system the oor-ruption which scrofula breeds. Whilefilds is effected by the powerful alterative (chang, ing from disease to health) properties of the Tar Cordial, its healing and removating principle is also acting upon the irritated surfaces of the lungs and throat, penetrating to each diseased part, relieving pain, subduing inflamation, and restoring a healthful tendency. Let this two-fold power, the healing and the strengthening, continue to act in conjunction with Nature's consoant recuperative tendency, and the patient is saved, if he has not too long delayed a resort to the means of cure.

I ask all to read the following cirtificates. They are from men and women of unques-tionable worth and reputation:

dreadful cough and sore throat for one year and my whole system was first giving way, and I was prostrated on my bed with but little hope of recovering. My disease baffled the power of all medicines, and in a short time I must have gone to my grave, but, thank God, my daughter-in-law would not rest until she went to your store, No. 10 N. Second street, and related my case to you, purchased one bottle of your Pine Tree Tar Cordial, and I commenced to use it and in one week I was much better, and after using three bottles, I am perfectly well, and a wonder to all my friends, for they all pronounced me past cure. Publish my case if you think proper.
