Kane's Artic Voyages.—This certainly is the most magnificent series of gorgeous Historical Tableaux ever presented to our citizens, and is on exhibition at Odd Feltrack, doing considerable damage, besides

citizens, and is on exhibition at Odd Fellows' Hall, nightly. Its merits are of such a character that attempt at description, would be but a feeble illustration of its surpassing excellence; unlike the many catch penny trifies of the day, Kane's Artic Voyages is a work of immense proportion, and grand, almost beyond imagination. It appears that he has been carrying on a wholesale game of robbing smoke houses, spring houses, barns, cellars, dwellings. &c. When brought before Justice Hunter he swore before high heaven, that he never robbed any one, neither did he know of any meat being about his premises; but the evidence against him was conclusive, and therefore was committed to prison. Officer McGinnis searched his house and found, a lot of ment in the coal pile, also four large ham; between the partition and the wall of his cellar. On the garret it appears he kept a kind of "henery" where he stowed away his ill-gotten gains, such as chickens, ducks, turkeys, &c., and corn between the plastering and roof, ready to reed them with. Daniel Peart, Jacob Myres, David Rohrer, Henry Musselman, and many others, were among the loosers of meat, chickens, dec. We forbear to say more at present, as the matter is being ferreted out by officer McGinnis, which will no doubt lead to the arrest of others.

Is The Vital Principle of the

Pine Tree,

OBTAINED by a peculiar process in the distillation of the tar, by which its highest medical properties are retained.

Have You a Cough! Have You a Sore Throat! Have you any of the premonitory symptoms of that most fatal disease, Con-sumption?

Those who should be warned by these symptoms generally think lightly of them until it is too late. From this fact, perhaps more than any other, arises the sad prevalence and fatality of disease which sweeps to the grave at least "one sixthi" of des2h's victims.

Consumption has destroyed more of the human family than any other disease, and the best physicians for many years have despaired of a cure, or a remedy that would heal the lungs, but for more than two hundred years the whole medical world the been impressed that there was a nysterious power and efficiency in the Pine Tree That to heal the lungs; therefore they have recommended the use of Tar Water, which in many cases had a good effect; but how to combine the medical properties so as to heal the lungs, has ever been a mystery until it was discovered by Dr. L. Q. C. WISHART, of Philadelphia, Pa., the proprietor of "Wishart's Pine Tree Cordial."

and the time to be a sure of the first the same of Many, not only of the people, but physicians of every school and practice, are daily asking me "What is the principle or cause of your success in the treatment of Pulmonary Consumption?" My answer is this:

The invigoration of the digestive organs—the strengthening of the debilitated system.—the purification and enrichment of the blood, must expel from the system the corruption which scrofula breeds. Whilethis is effected by the powerful alterntive (cleanging from disease to health) properties of the Tar Cordial, its healthing and renovating principle is also acting upon the irritated surfaces of the lungs and throat, penetrating to each diseased part, relieving sain, subduing inflamation, and restoring a healthfulsendency. Let this two-fold power, the healting and the strengthening, continue to act in conjunction with Nature's consoant recuperative tendency, and the patient is saved, if he has not too long delayed a resort to the means of cure.

I ask all to read the following cirtificates. They are from men and women of unques-tionable worth and reputation:

"Dr. Wishart's Pine Tree Tar Cordial is the only safe and reliable remedy which has ever been prepared from the juice of the pine tree."

Dr. Wishart—Dear Sir! I had a very dreadful cough and sore throat for one year and my whole system was fastgiving way, and I was prostrated on my bed with but little hope of recovering. My disease baffled the power of all medicines, and in a short time I must have gone to my grava, but, thank God, my daugher-in-law would not rest until she went to your store, 'No. 10 N. Second street, and related my case to you, purchased one bottle of your Pine Tree Tar Cordial, and I commenced to use it and in one week I was much better; and after using three bottles, I am perfectly well, and a wonder to all my friends. for they all pronounced me past cure. Mr. Ward abys

We have thousands of letters from physicians and druggists who have prescribed and sold the Tar Cordial, saying that they have never used or sold a medicine which gave such universal satisfaction.
