Brass Band.-We have often been asked why Columbia cannot sustain a Brass Band? We do not know what the cause is, unless our citizens do not appreciate "blowers." It would be a fine institution if we had a band to enliven the streets, and the soldiers before going to the front, but put more spirit in us. We hope that one they were doomed to disappointment—the will be again organized, and well patronized by our citizens.

As it is our policy (?) to "give unto Casar the things which are Casar's," it would be no more than justice in us to recommend the public to call on Mr. Buchyr, who keeps on hand, the best Emported and Contestic tierman Wines, Port, Lisbon, &c.; also hoice liquors, tobaccos, cigars, and Pipes.

DR. WISHART'S PINE TREE TAR CORDIAL Is The Vital Principle of the

Pine Tree, OBTAINED by a peculiar process in the distillation of the tar, by which its highest medical properties are retained.

Have You a Cough! Have You a Sore Throat! Have you any of the premonitory symptoms of that most fatal disease, Con-sumption?

These who should be warned by these symptoms generally think lightly of them until it is too late. From this fact, perhaps more than any other, arises the sad prevalence and fatality of disease which sweeps to the grave at least "one sixth" of dea2li's victims.

Consumption has destroyed more of the human family than any other disease, and the best-physicians for many years have despaired of a cure, or a remedy that would heal the lungs, but for more than two hundred years the whole medical world has been impressed that there wass mysterious power and efficiency in the Pine Tree Tar to heal the lungs; therefore they have recommended the use of Tar Water, which in many cases had a good effect; but how to combine the medical properties so as to heal the lungs, has over been a mystery until it was discovered by Dr. L. Q. C. WISHART, of Philadelphia, Pa., the proprietor of "Wishart's Pine Tree Cordial."

Many, not only of the people, but physicians of every school and practice, are daily asking me "What is the principle or cause of your success in the treatment of Palmonary Consumption?" My unswer is this:

The invigoration of the digostive organs—the strengthening of the debilitated system—the purification and excident of the blood, must expel from the system the corruption which scrofuls breeds. White this is effected by the powerful alterative (changing from disease to health) proporties of the Tar Cordial, its healing and renovating principle is also acting upon the irritated surfaces of the lungs and throat, penetrating to each diseased part, relieving pain, subdaing inflamation, and restoring a healthful tendency. Let this two-fold power, the healing and the strengthening, continue to act in conjunction with Nature's constant recuperative tendency, and the patient'is saved, if he has not too long delayed a resort to the means of cure.

I ask all to read the following cirtificates. They are from men and women et angues-tionable worth and reputation :

is the only safe and reliable remedy which has ever been prepared from the juice of the pine tree."

DR. WISHART—Dear Sir! I had a very dreadful cough and sore throat for one year and my whole system was fastgiving way, and I was prostrated on my bed with but little hope of recovering. [My disease baffled the power of all medicines, and in a short time I must have gone to my grave, but, thank God, my daughter-in-law would not rest until she went to your store, No. 10 N. Second street, and related my case to you, purchased one bottle of your Pine Tree Tar Cordial, and I commenced to use it and in one week I was much better; and after using three bottles, I am perfectly well, and a wonder to all my friends, for they all pronounced me past cure. Publish my case if you think proper.
