U.S. 7-30 LOAN. is compounded from the most effectual anti-dots that medical science has discovered for the that subscriptions will be received for the disorders it entails. That it is far superior to any other remody yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, tenths per cent, per annum -principal and interest both to be paid in lawfal money. These notes will be convertible at the op-Evil, or Glandular Swellings, Tumors Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Synhilitic Infections, Mercurial Diseases, Frm1e Weaknesses, and indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual ases may be found in AYLE'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the county, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to discuse and its fatal results then are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The

vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AVER'S SARSAFARILA, although it is composed of higher rate of interest than any other, and the best security. Any savings bank which pays its depositors in U. S.
