LUBIN'S HAIR DRESSING

FOR BEAUTIFYING PRESERV-ING AND STRENGTHEN-

Is purely a vegetable preparation distilled from Herbs and fragrant flowers from the south of France, conceded to be the most delicately perfumed and desirable il lair preparation ever offered to the American public. It will restore lost Hair. It will prevent Hair from falling out. It will restore gray and faded hair to its original color. Its continued use will materially thicken the hair, bald places will gradually cover themselves and in a short time the Hair will grow dark, soft, glossy, and huxuriaut. The well known preparations bearing the above brand is a sufficient recommendation, and FLORILLINE refuires but a simple trial to establish the fact that it is superior to all other preparations of the kind in the world.

IMPORTANT TO LADIES.—DR. HARVEY'S FEMALE PILLS have never yet failed in removing difficulties arising from obstruction, or stoppage of nature, or in restoring the system to perfect health when suffering from Spinal Affections, Prolapsus, Uteri, the Whites, or other weakness of the Uterine Organs. The Pills afe perfectly harmless on the constitution, and may be taken by the most delicate females without causing distress—the same time they act like a charm by strengthening, invigorating and restoring the system to a healthy condition, and by bringing on the monthly period with regularity, no matter from what causes the obstruction may arise.—In the first three or four months of pregnancy, though safe at any other time, as emiscarriage would be the result.

Each box contains 60 Pills. Price \$1.

Analysis of the Massachusetts State Assayer, Jan. 25, '58.

When evaporated through clean linen it left no oil or offensive matter. In every respect it is a FURE spirituous liquor. The Oil which gives to this Brandy its flavor and aroma, is wholly unlike fusil or grain wil. Its o. or partnkes of both the fruit and oil of grapes. With acids, it produces ethers of a high fragrance. The substitution of this Brandy for Cognac Brandy will do away with the manufacture of fictious spirits, sold under this name both at home and abroad. Respectfully,

A. A. HAYES, M. D.,

I have analyzed "L. Lyons' Pure Catawba Brandy," with reference to its composition and character, being the same as that produced in past years. A sample taken from ten casks afforded the same results with regard to purity; a slightly increased amount of the principle on which its flavor depends was determined by comparison with former samples.

The indications of analysis show that this Brandy is produced by the same process as most of the imported Brandy.
