Thirsting to Death.

It ought not to be forgotten by any one liable to shipwreck, that thirst is quenched by soaking the cloathing in salt water twice a day or even oftener, and allowing them to dry upon the person. A noble and humane old sea-cap tain, Kennedy, published this statement more than a hundred years ago; yet it is very doubtful if two persons out of any company, taken promiscuously, are aware of so important fact, to which the generous captain attributed the preservation of his own life and of six other persons. If sea water is drank, the salty portions of it are absorbed into the blood, and fires it with a new and more raging thirst, and a fierce delirium soon sets in. It would seem that the system imbibes the water, but excludes the other constituents. It is known that wading in common water quenches thirst with great rapidity. Persons while working in water seldom become thirsty. And it is further interesting to know that however soaking wet the garment may become from rain or otherwise, it is impossible for the person to take cold if the precaution is taken to keep in motion with sufficient activity to keep off the feelings of chilliness until the clothing is perfectly dried or facilities are afforded for a change; but in changing the garments after a wetting, it is always the safest and best as an additional safeguard against taking cold, to drink a cup or two of some hot beverage before beginning to undress.

Hoss Talk.

Hear Josh Billings on the Hoss.

The pedigree iz not important for a fast trotting hoss; if he can trot fast never mind the pedigree. There iz a great many fast men, even, who ain't got no pedigree. There ain't much art in drivin' a trottin hoss; jist hold them back hard, ard holler them a head hard, that's awl. A hoss will trott the faster down hill, especially if the breechen brakes. Kuller is no kriterion. I have seen awfu mean hosses of awl kullers, except green; i never cee a mean one of this kuller. Hosses live tew an honorabil old age, and I have oftin seen them that appeared fully prepared for death. Heathins are always kind to hosses; it iz only among Christian people that a hoss has tew trot 3 mile heats in a hot da, for $25,000 counterfeit munny.

HERE is an incident of the siege of Atlanta:

Yankee Picket. "Say, Johnny Reb, how are you off for whiskey?"

Confederate Picket. "Mighty bad. How are you off for tobacco?"

Y. P. "Darnd scarce, and poor at that."

C. P. "Lay down your shooting iron, then, and come out."

(Both parties having laid down their guns, an armistice follows, and the exchange of luxuries is made The following dialogue then ensues:)

Yankee. "You fellows are awful ragged, but I swow you fight like gitout.

Reb. "Ragged! fight; I reckon we do. But you just wait till we get naked—that's all.

Pleasure travelling on Sunday is officially declared to be illegal, in the Brooklyn City New York Court a livery stable keeper, named Nooye, brought an action against one Doherty to recover for damages to a carriage which the latter had spoiled during a pleasure drive on the day in question. Defendant's moved for, and the Court granted, a non-suit on the ground that, as travelling on Sunday is prohibited by statute, no person can maintain action founded upon an illegal proceeding. The effect of this decision will be apt to lessen fast men, fast women and fast teams on the avenue hereafter on the Sabbath day.

When the Rebel dead and wounded fell into our hands at the battle of Atlanta, on the 21st, was a handsome young soldier in a neat gray jacket and pants. The soldiers leg was shattered and amputation was deemed necessary. The noble youth was placed on the surgical table, when lo—it was a female! So many "tender youths" have been captured by us since the commencement of the campaign that but little notice was given her features, and a suspicion never rose in the minds of our surgeons, as to the sex of their patient till the "disrobement."

Two lawyers in Lowell, returning from court the other day, one said to the other "I've a notion to join Rev. Mr. ——'s church; been debating the matter for some time. What do you think of it?" "Wouldn't do it," said the other. "Well why?" "Because it could do you no possible good, while it would be a great injury to the church."

BREVITY THE SOUL OF WIT.—The commandant of Libby Prison issued a stringent order that Union prisoners must limit their letters to six lines. The following is a specimen:—

"*My Dear Wife:*—Yours received—no hope of exchange—send corn-starch—want socks—no money—rheumatism in the left sholder—pickles very good—send sausages—God bless you—kiss the baby—Hail Columbia!

"Your devoted husband."

Mrs. Frank and her child were drowned at Springfield Mass., the other day. The child had fallen into the river and the mother jumped in to save it, when the current swept them both beyond the reach of aid.

A youthful bride, aged eighteen, was lately burned to death at Marseilles, on the morning of her marriage. She stepped on a match which ignited and set her clothes on fire.

THE peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it *seems* to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses,** and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S

CHERRY PECTORAL,

The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

IMPORTANT

TO ALL

INVALIDS

IRON IN THE BLOOD.

It is well known to the medical profession that IRON is the vital Principle or Life element of the blood. This is derived chiefly from the food we eat; but if the food is not properly digested, or if, from any cause whatever, the necessary quantity of iron is not taken into the circulation, or becomes reduced, the whole system suffers The bad blood will irritate the heart, will clog up the lungs, will stupefy the brain, will obstruct the liver, and will send its disease producing elements to all parts of the system, and every one will suffer in whatever organ may be predisposed to disease.

The great value of

IRON AS A MEDICINE

Is well known and acknowledged by all medical men. The difficulty has been to obtain such a preparation of it as will enter the circulation and assimilate at once with the blood. This pojut, says Dr. Hayes, Massachusetts State Chemist, has been attained in the Peruvian Syrup, by combination in a way before unknown.

THE PERUVIAN SYRUP

Is a PROTECTED solution of the PROTOXIDE OF IRON. A NEW DISCOVERY IN MEDICINE that strikes at the Root of Disease by supplying the blood with its Vital Principle or Life Element—Iron.

THE PERUVIAN SYRUP

Cures Dyspepsia, Liver Complaint, Dropsy, fever and ague, Loss of energy, low spirits.

THE PERUVIAN SYRUP

Infuses strength, vigor, and new life into the system, and builds up an "Iron Constitution."

THE PERUVIAN SYRUP

Cures Nervous Affections, Female Complaints, and all diseases of the Kidneys and Bladder.

THE PERUVIAN SYRUP

Is a SPECIFIC for all diseases originating in a BAD STATE OF THE BLOOD, or accompanied by Debility or a Low State of the System.
