THE RIVER .- The water is gradually falling, but the ice remains tight. Nothing can be seen of the dam as the ice is so jammed that it presents an even surface and the passer-by cannot tell where it is. In many places the ice is torted to the bot tom of the river which completely turns the water out of its natural course. The last few days persons have been passing back and forth on the ice from Wrights

FALL OF FORT FISHER .- On Tuesday evening last the report that Fort Fisher had succumbed, reached this place, and all felt rejoiced but awaited the official report to see if it was correct. Official intelligence soon arrived, and the people were wild with delight. Flags were unfurled to wild with delight. NOTIONS .- We insert in this issue the advertisement of Messrs. Fry & Kurtz, had with him a State on and two French Dealers in Notions, &c., Phil'a. W.W.Fry, who was formerly of this Borough, is a State Normal School, in February, at gentleman of great taste and enlarged experience, and his fame in respect to his superior abilities in his business is acknowledged by all who have transacted business with him. Their store is situated in a business part of the city, (325 Arch Street) is large and commodious, and filled with an extensive and varied stock of goods. This is a new firm, just "set sail" and are now doing an extensive Wholesale, Importing and Jobbing Trade. Merchants

here, and elsewhere will find it to their advantage, to give them a call. We wish them every success. How are you 'Ralph?'

REMEMBER THE POOR .- A movement is on foot at present to organize a society among the members of one of our Churches in this place, for the purpose of sending clothing to Missionaries in Foreign Lands. The object is certainly praiseworthy and the movers are no doubt acting in good faith, but while we 'award it due praise we also, at this critical period of our country's history, in a measure condemn it, and heg leave to remind them of the old maxim, that "Charity begins at home." We have in our midst, persons who are suffering for the want of both food and clothing, and would it not be more rreditable for our own people to attend to their deserving wants than aiding persons who, perchance are ingood circumstances We say described, for in most cases the husbands of these families are fighting for their country. Lastweek a couple of worthy ladies paid a visit to a destitute family on Union Street, consisting of a Mother and three little girls. They found the Mother wick in bed, and nothing to eat in the house. Her husband is doing battle nobly for his country. Such scenes are a disgrace to this community, and it would be well to organize a Missionary Society and send the disciples thereof through the suburbs of Columbia, and we will assure you, an ample field of labor will there be found to distribute the necessaries of life, and will distribute the necessaries of life, and will be received by grateful hearts.

Recent developments have demonstrated that Clarion River is superior in Oil territory, and all the river border from mouth to source has been bought up by companies and individual capitalists.
