Written for the Columbia Spy. Guess Cake. WHITE SALMON, Wash. Ter.

Washington territory is not to be " left out in the cold," while her "distant relatives" are showing their liberality in getting up fairs, selling and re-selling sacks of flour, giving their green backs. as well as "broad shoulders," to bear the burden of this war, and to supply delicacies as well as necessaries for the er. sick and suffering in camp and hospitals.

A short time since, Mr. and Mrs. E.

S. Joselyn, of White Salmon, W. T. made liberal preparations to entertain a number of friends. of which the inclemency of the weather permitted but eight to gather with them. After discussing the nicrits of a fine fat turkey, and all the nice fixings which the ladies know so well how to get up, it was proposed to appropriate a nice loaf of cake, which had escaped the fate of its fellow, to the worthy object of the Christian Commission. But the cake was not a golden brick sent from the rich mines of Idaho to be coined into shining dollars ; how then could the loaf be coined ?

Now there were present four couple who were born in New England including host and hostess, one born in Kentackey, and one in Michigan, though of a Yankes mother, so there were too many Yankces to let the question remain long unanswered. It was proposed to call it a guess cake and each one was to pay according to his liberality, for the privilege of guessing its weight-the best Yankee at guessing to be its possessor. Twentysix dollars was thus raised in guessing. The Michigander proving to be the best Yankec, won the cake, and which he immediately offered for sale, and as soon found a purchaser, who then turned auctioncer, and a spirited bidding ensued and again the Michigander took the palm. and to keep the ball rolling sold it again and in less than half an hour fifty dol lars in greenbreks was raised. I think, Mr. Editor, this was not a very bad af-fair for our Territory, and as we have sent it into Oregon State, you may ex-pagain, which has thus been started on its suffering for God and our country

suffering for God and our country. No i we'll not be left out in the cold We will show that we have a warm heart And the far removed we will bear In this terrible conflict our part.

From our hills we will pour out our gold We will coin it and hid it "God speed" To brace or to back Uncle Jam's greenlacks To reward every brave Soldier's docd. Ho, we'll not be left out in the cold

AN INCIDENT OF THE BATTLE OF NASHVILLE-By a hay-stack we found two bodies, side by side, as if laid there by some friendly hand.-As we were taking them away one rose upright, and buisting into tears, pointing to his comrade said, "it's my brother, sir, my brother. We two were all, and I am a long now." He had missel him in the fight, and hunting over the field had found him dead, and lying down to watch him till morning had fallen a sleep .-When we took up the body to lay it with the others, he brought along straw to make a bel for it an I himself. We gave him room in that long row of the dead. Nestling close to the corpse, he lay down for h's last mght's sleep with his broth-
