THE WIDE SPREAD FAME OF MISII-LER'S HERB BITTERS The great intrinsic merits of MISHLER.'S justly celebrated HERB BITTERS are rapidly acquiring for them a reputation as wide as this vast Continent. It has not been a great while since they were first offered to the public. They speedily came into favor in Lancaster city and county, and the many wonderful cures wrought by means of their instrumentality caused their fame to spread with unprecedented rapidity throughout this and the adjoin-ing States. They are now known and recognized as one of the most efficacious medicinal agents ever devised for the re-lief of suffering humanity throughout the various States of the Union. Their fame has reached our remotest territorial re-gions ; and from all quarters comes up the same unvarying testimony to their won-derful efficacy. Very many are the astonishing cures wrough by them, which are constantly being attested and certified to by the mui-titudes who have been the recipients of re-stored health through their agency. From time to time some of the multitude of cer-tificates constantly being received by the proprietor of this popular remedy, are laid before the public, that the people may see for themselves that they will effect: cer-tain cures of all the various disease to the removal of which they are adapted. Only yesterday, a copy of the New Mexico Press, a paper published at the far off town of Albuquerque, in the Territory of New Mexico, and printed one-half in English and the other half in the Spanish language, was received by Mr. Mishler. FISHING .- The large "breaks" in the dam present fine opportunities for fishing. Almost daily the lovers of this sport are seen wending their way to

"Susquebanna's muddy, marshy marge," to drop a line to the finny tribe. All who go, seem to meet with success, and come into town with a supply of "cattios," "sunnies," &c. We tried it once, but cannot boast of being a very expert disciple of Izzak Walton, who, it will be remember-

IMPROVEMENT .--- We are glad to sce that our "City Fathers" have awoke from their lethargy. The spirit of improvement has taken hold of them and now that it has commenced we hope it may continue. The alleys of our town have been in such a condition for a long time as to make it Oration unsafe for a vehicle of any kind to drive Oration through them, but we may now indulge in the hope that it will soon be remedied. The alley from Front to 5th street, between Locust & Cherry, was one of the worst, but the Supervisor, Mr. Chalfant, has now a corps of laborers on it and it will soon be in a fine condition. The work is already completed between 2nd & 3rd streets, and a finer paved alley cannot be found in any of our large cities. We hope some attenpleasant. Let the good work go on.
