Penn'a Soldiers who died at Anderson ville.

Governor Curtin, in conjunction with Surgeon General Philips, has procured a list of the Pennsylvania soldiers who died in Andersonville prison. The names were collected by responsible parties who were in confinement there from the headboards marking the graves, and various other sources, and are believed to be reasonably accurate.

The list is considered too lengthy for publication in the newspapers, but with the view to d sseminate the information it contains, and relieve the anxiety of the friends of such of our soldiers as were known to have been prisoners at Andersonville, the Surgeon General, by the direction of the Governor, is having it printed in pamphlet form.

The document reveals a history of cruelty and suffering unparalleled in the annals of warfare. Among the accompanying papers is a list of the Federal prisoners received at Andersonville, the total number of which is seventeen thousand five hundred and twenty-four. Of these four hundred and three took the outh of allegiance to the rebels, doubtless to preserve their lives from starvation. Six of the prisoners was tried by court martial and executed within the stockade in one day. The total number of deaths were twelve thousand eight hundred and eighty-four, the deaths on a single day the 22d of August, being one hundred and twenty seven. The several lists only embrace the prisoners contined at Anderzonville from February 23, 1864 to March

DEATH FROM THE BITE OF A SNAKE. -We were informed yesterday of a most distressing death from the bite of a venomous snake, which occurred ot the telegraph road, three miles from the city.

Mrs. Amos B. Ludley had sent her little son, Willie, into the garden to gather some tematoes. He had been absent but a few moments when he came running back to the house blanched with fright and gereaming at the top of his voice that he had been bitten by a snake.

The distracted mother sent immediately for medical excitations and other sordering goods cannot fail to satisfy.

I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took your Sansarahila. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I knowof. From Harrey Sickler, List, the able califor of the Transhamore's Democrat, Pennsylvania.

Our only child, about three years of age, was attacked by pimples on his forchead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skifful physican applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Has ing true every thing else we had any hope from, we began giving your Sanstrantilla, and applying the iodic of potash lotion, as you direct. The sore began to head when we had given the first bottle, and was well when we had finished the tirch bottle, and was well when we had finished out, grew again, and he is now as healthy and far as any other. The whole neighborhood predicted that the child must die."

DR. VELPAU'S FRENCH PILLS.— Ladies, take particular notice. The real Velpau Fennalo Pill. Warranted French. These pills, so celebrated many years ago in Paris, for the relief of female irregularities, and afterwards so notorious for their griminal envisions. for their criminal employment in the practice of abortion, are now offered to practice of abortion, are now offered for sale for the first time in America. They have been kept in comparative obscurity from the fact that the originator, Dr. Velpau, is a physician in Paris, of great wealth and strict conscientious principles, and has withheld them from general use, lest they should be employed for unlawful purposes. In overcoming female obstructions they seem to be truly omnipotent, bursting open the flood gates from whatever cause may have stopped them, but they are offered to the public only for legitimate uses, and all agents are forbidden to sell them when it is understood that the object is unlawful.

Sold at the Golden Mortar Drug Store, and R. Williams' in Columbia, and Dr. J. F. Hinkle, Marietta.

THE WORLD'S GREAT REMEDT FOR Scrofuls and Scrofulous Disc

Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Saucia, Houston St., New York.

9 Dr. Ayer. I seldom fall to remove Eruptions and Strafations Sores by the persevering use of your Sarsayarining, and I have just now cured an attack of Malignant Erysipelas with it. No alterative we possess equals the Sausayarinin, you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

4 For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the elebrated physicians I could reach, and took hundreds of dollars worth of incelleines. The alcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your Sausayarian must be amputated. I began taking your Sausayarian must be amputated. I began taking your Sausayarian and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From A. J. French, M. D., an eminent physician of Laurence, Mass, who is a prominent member of the Legislature of Massachusetts.

Dr. Ayth. My dear Sir: I have found your SARSAPARILLA an excellent remedy for Syphilits, both of the primary and secondary type, and effectual in some cases that were too obstinate to yield to other remedles. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or mercurial disease, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, intil the persevering use of AVIRI'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him
