They had come prepared for a lestive time, bringing with them, "Miller's Band," and accompaniments. The spacious dining room was soon cleared and arrangements mude for action.

The heat was oppressive, but all bore it gracefully, determined to dance as long as they had music, caring not if they would melt away.

At 12 M. they "lunched," and after a short promenade resumed operations in the Hall. All were in the heighth of enjoyment and good feeling prevailed be-

THAT ALLEY .- Many persons have sked during the past ten days, what was to be done with that stench-pool—the alleybetween Locust and Walnut Street. Let us have some legislation on the subject, and if shops removed let us have it done, sooner than the health of our people be injured thereby. The present damp and sultry weather is very unhealthy, and we would impress upon our readers the necessity of keeping their cellars and out houses in a pure condition by using lime or other disinfecting agents. The authorities of many of our principal towns are actively engaged improving the sanitary condition of their respective corporations. The present season has been of a charaster tending to produce disease, and the proper authorities should see that our streets and alleys are thoroughly cleansed of all filth.
