Stern-Wheel Preachers.

We have heard of "hard-shell Baptists" and other queer-titled religionists, but it remained for the eccentric Parson Brownlow to put the cap-sheaf on such characters by his introduction to his readers of a "stern-wheel preacher." Says the Parson, in a recent number of his *Knoxville Whig*, "The reader is ready to inquire what sort of a preacher is a stern wheel preacher? He is one who went into the rebellion with side wheels and double engines, chafing and fretting, and boasting and boxing that the South would achieve her independence, dressed in fine cloth, and sporting their huge whiskers. He comes out with a shattered stern-wheel, and a one-horse engine, dressed in gray homespun, asking to be allowed to take the amnesty oath as a means of saving his property, and coolly saying that he never took any part in trying to break up the government. Their treason-tainted hearts constitute the safety-valves of their shattered crafts and their record is their whistle to ferment and keep alive the trouble of the State! Since peace has been declared, these stern wheel preachers, with uplifted eyes, elongated faces, deep sepulcheral tones, and raised hands, pollute God's altars with their presence, where the recollection of treason and murder they have contributed to bring about, sway their guilty souls and set the tune to their hymns of praise! These canting hypocrits now propose to preach to Union men the religion of Christ—the religion of the Prince of Peace. When one of the stern-wheel preachers rises to address you, he cannot conceal the wolf by his prayers, for you will not be able to learn from what he says that there is a United States Government. And the poison of the *Upas Tree* are the drippings of the sanctuary where he holds forth. These villains are responsible for more of the misery and bloodshed we have all passed through than other set of traitors out of hell!" Slightly profane that, but very emphatic!

"Messrs. French, Richards and Co. of Philadelphia, General Agents for Pa."

DR. VELPAU'S FRENCH PILLS.—Ladies, take particular notice. The real Velpau Female Pill. Warranted French. These pills, so celebrated many years ago in Paris, for the relief of female irregularities, and afterwards so notorious for their criminal employment in the practice of abortion, are now offered for sale for the first time in America. They have been kept in comparative obscurity from the fact that the originator, Dr. Velpau, is a physician in Paris, of great wealth and strict conscientious principles, and has withheld them from general use, lest they should be employed for unlawful purposes. In overcoming female obstructions they seem to be truly omnipotent, bursting open the flood gates from whatever cause may have stopped them, but they are offered to the public only for legitimate uses, and all agents are forbidden to sell them when it is understood that the object is unlawful.

Sold at the Golden Mortar Drug Store, and R. Williams' in Columbia, and Dr. F. Hinkle, Marietta.

Ladies can procure a box, sealed from the eyes of the curious, by enclosing one dollar and six postage stamps to O. G. STAPLES, General Agent for us, Watertown, N. Y., or to the above agents.

NEW SKIRT FOR 1865-6.

The Great Invention of the Age in

HOOP SKIRTS.

J. W. BRADLEY'S New Patent DUPLEX ELIPTIC (or double) SPRING SKIRT.

THIS invention consists of Duplex (or two) Eliptic Pure Refined Steel Springs, ingeniously braided lightly and firmly together, edge to edge, making the toughest most flexible, elastic and durable spring ever used. They seldom bend or break, like the single springs, and consequently preserve their perfect and beautiful shape more than twice as long as any single spring skirt that ever has or can be made.

The wonderful flexibility and great comfort and pleasure to any lady wearing the Duplex Elliptic skirt will be experienced particularly in all crowded assemblies, operas, carriages, railroad cars, church pews, arm chairs, for promenade and home dress, as the skirt can be folded when in use to occupy a small place as easily and conviently as a silk or muslin dress.

A lady having enjoyed the pleasure, comfort and great convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day will never afterwards willingly dispense with their use. For children, misses and young ladies they are far superior to all others.

The hoops are covered with 2 ply double twisted thread and will wear twice as long as the single yarn covering which is used on all single steel hoop skirts. The three bottom rods on every skirt are also double steel, and twice or double covered to prevent the covering from wearing off the rods when dangling down stairs, stone steps, &c., which they are constantly subject to when in use.

All are made of new and elegant Corded Tapes, and are the best quality in every part, giving to the wearer the most graceful and perfect shape possible, and are unquestionably the lightest, most desirable, comfortable and economical skirt ever made.

Wests' Bradley & Cary, Proprietors of the invention, and sole Manufacturers, 97 Chambers, and 79 and 81 Reade streets, New York.

For sale in all first-class stores in this city, and throughout the United States and Canada, Havana de Cuba, Mexico, South America, and the West Indies.

A VALUABLE REMEDY.

Pherancr's Rhodendrons and Laxative Pills,

FOR THE CURE OF PILES. Read the following affidavit:—

For the Benefit of Persons suffering with Piles, I make the following statement;

I have been, during the last ten or twelve years severely afflicted with piles. I have tried remedies of all kinds, without deriving any particular benefit *and finally* put myself under the best medical treatment in Philadelphia; but no relief was obtained. I considered my case hopeless and believed myself doomed to misery. As a last resort, upon the recommendation of some friends, I tried Pherenar's Rhodendrons and Laxative Pills. This remedy gave me relief. Several applications relieved me of all pain, and the regular application of the "Rhodendrons" for three weeks entirely cured me. I am glad there is such a remedy, and earnestly recommend it.

JAMES A. TREXLER,
258 Beaver Street, Philadelphia.

Sworn and subscribed before me, the 12th day of July, 1865. WILSON KERR, Alderman.

Since the introduction of the Rhodendrons for the cure of Piles, we have received numerous flattering testimonials and commendations of its value; among them is the above *affidavit* of Mr. James A. Trexler, his case being of long standing and of great severity.

This remedy is rapidly gaining public attention and must be acknowledged the sovereign balm for the above disease. *Prepared and for sale by*

The Dividend of 1863 and 1864

WAS 50 PER CENT.

ASSETS, JANUARY 1, 1865,

NEARLY

$1,000,000.

THE Dividend of Profits is made in January of each year. It is allowed upon every payment of Premium made, and it is placed to the credit of the Policy. In case of the death of the party insured, it will be payable together with and in addition to the amount insured.

For instance, suppose the premium paid to the Company to be $100 per annum, and the dividend equals *fifty per cent.* After the fourth year, the party insured will pay the Company, for the next year, only $50 premium on his insurance. After the fourth year, the Policy holder receives his dividends *annually.*

When the premium amounts to fifty dollars or more, annually, one-half may be paid in a note at twelve months with interest. In such cases the Company retains *four* notes against the policy, but there is a corresponding number of dividends standing to the credit of the policy, and the dividends will be paid in said notes.

This plan enables the insured to realize his profits, during *lifetime*, and this is much to be prefered to the system of adding to the amount insured, and the continuance of the high rate of premium during the whole life.
