Dr. Vepeau's French Pills. Ladies, take particular notice! The French Pills of Dr. Vepeau, celebrated thirty years ago in Paris, for the relief of female irregularities, and afterwards so notorious for their criminal employment in the practice of abortion, are now offered for sale for the first time in America. They have been kept in comparative obscurity from the fact that Dr. Vepeau, a physician in Paris, of great wealth, and strict conscientious principles, and has withheld their name from the public. They should be employed for unlawful purposes. In overcoming female obstructions they seem to be truly omnipotent, bursting open the system from whatever cause may have stopped them, but they are offered to the public only for legitimate uses, and all agents are forbidden to sell them when it is understood that the object is unlawful.

Sold at the Golden Mortar Drug Store, and R. Willing's, both in Columbia, and Dr. F. Hinkley, Marietta. Ladies can procure a box, sealed from the eyes of the curious, by enclosing one dollar and eight cents for postage and freight, and all agents are forbidden to sell them when it is understood that the object is unlawful.

NEW SKIRT FOR 1865-6.

The Great Invention of the Age in HOOP SKIRTS. J. W. BRADLEY'S New Patent DUPLEX ELIPTIC (or Double) SKIRT. THIS invention consisted of Duplex (or two) Eliptic Pure Refined Steel Springs, ingeniously braided tightly and firmly together, edge to edge, making the toughest most flexible and elastic spring ever used. They seldom bend or break like the single springs, and consequently preserve their perfect and beautiful shape more than any other kind of spring.

The wonderful flexibility and great comfort of the Duplex Eliptic Skirt, and its superior to all other skirts, is experienced particularly in all crowded assemblies, churches, theatres, balls, and church pews, arm chairs, for promenade and home dress. The skirt can be folded when in use to occupy a small space as neatly as a silk or muslin dress.

A lady having enjoyed the pleasure, comfort and great ease of wearing the Duplex Eliptic Skirt for a single day will never afterwards willingly dispense with it. For children, nurses and young ladies they are far superior to all others.

The hoops are covered with 2 ply double cloth, and are made to suit the bust as the single yarn covering which is used on all single steel hoop skirts. The three bottom ribs on every skirt are also double cloth, and are made to suit the bust when the covering from wearing of the rods when dangling down stairs, stone steps, &c., which they are constantly subjected to when in use.

All are made of new and elegant Corded Tapes, and are the best quality in every respect, giving them a soft, pliant and un-exceptionable lightness, most desirable, comfortable and economical skirt ever made.
