Important Bank Decision. The suit of the United States against the Columbia Bank of this State, has been tried in the United States Court before Judges Grier and Cadwillader. and decided in favor of the Bank. This decision settles an important question for the old State Banks subject to tax on their circulation, for we learn that the present Commissioner of Internal Reve nue, Mr. Orton, concurs in the decision made. Under the act of Congress of June 30, 1864, a monthly duty or tax of one twelfth of one per cent. was directed to be levied upon the average amount of circulation by every Bank, and an additional driv of one sixth of one per cent upon the average amount of circulation beyond ninety per cent. of capital which two taxes the Bank paid with our scruple. This was refused and case stated agreed to, upon which after argument by Mr. Gilpen for the United States, and Hon. Thaddeus Stevens of Lancaster, for the Bank, the Court directed judgment to be entered in favor of the Bank, which of course is an end of the claim for the ad-

Another promising feature in the progressive enterprise of Baltimore is found n the fact that a number of prominent merchants have associated themselves together for the purpose of constructing a spacious hotel at Bentley Springs on the North Central Rail Road, some thirty miles from the city, for the special purmer months.
