ELEVENTH ANNUAL BALL.-The old Columbia Fire Engine & Hose Company will hold their Eleventh Annual Ball in Odd Fellows' Hall on New Year evening, Monday next. Their entertainments are always sure of success, as anything they undertake is done with a will .--The proceeds are to be applied to liquidate the debt that may accrue in building their new Engine House. Let all our citizens aid them in their purpose by buying a ticket whether they go to the ball or not.

To OUR PATRONS .- We would here remind our patrons and friends that the Carrier will be around on Monday morning next, New Year, with his address. It is a time-honored custom, and its object is to enable the patrons of the paper to express their appreciation of the services of the Carrier, in a manner suited to their pockets, for faithfully depositing every Saturday morning at their doors his budget of news. CHOCKING ACCIDENTS.

MANY KILLED AND A LARGE NUMBER WOUNDED.

Over two hundred accidents from kicking and running away of horses occurred during the past year, in Lancaster county alone nearly all of which resulted in injuring the drivers, killing some, maining and wounding others, and in most cases, breaking costly carriages and hurting the horses.

breaking costly carriages and hurting the horses.

Of the above, nine-tenths were tame family horses. The safety bridle will put an end to all such needless accidents, and with the Safety Lines the speed of every horse is easily much increased.

At the special meeting of the Saddlers of Lancaster city, Nov. 27, 1865, the following resolutions were unanimously adopted:
Whereas, The usefulness, power and safety of Dr. Hartman's Safety Bridle and Lines have been publicly demonstrated demonstrated in the presence of from one thousand to fifteen hundred persons to their entire satisfaction; and since it was proven at the Millersville horse exhibition on four of the most vicious and confirmed kickers and runaways, that with the Safety Bridle and Lines it is utterly impossible for a horse either to kick or runaway; therefore

Resolved, That we the Saddlers of Lan-

preventing horses from kicking and running away.

Resolved, that in view of the above facts we deem it our legitimate duty, both individually and collectively, to exert all honorable means to at once introduce the Bridle and Lines, because in doing so we in a very great measure prevent all accidents with horses, while with the old and defective bridle we put in great jeopardy both life and limb.

Resolved, That hereafter we manufacture no other but Safety Bridles, unless especially ordered.

ally ordered.
The price of individual Rights is \$5 each; The price of individual Rights is \$5 each; County Rights, from 100.00 to 500.00 according to population—these containing large cities excepted.

No other investment before the public presents such inducements of making money. In every county there are at least twenty townships, and in each township at least one hundred persons who drive horses—which at five dollars for an individual right will amount to \$500 per town-

at least one hundred persons who drive horses—which at five dollars for an individual right will amount to \$500 per township, and ten thousand dollars (\$10,000) for each county at the rate of twenty townships at five hundred dollars each! I have not the least doubt but that amount of money can be made out of a county with proper business tact and energy. The price of counties is so small as to place the investment in the hands of every one, for few are so poor as to be unable to raise one hundred dollars.

Another feature about this invention is that the proprietor of the territory need not manufacture the bridles and lines as the ordinary bridle can be easily altered into a Safety. The lines only require to be made to order, and these can be made by any saddler for a trifte more than the ordinary lines. Hence, unlike other patents, the right to use it only is sold.

No man need wish for a greater fortune than right of a S. ite. To show the confidence the patantee has in his invention, he offers to pay 1,000 dollars for any horse that can either kick or run away when under the influence of the Safety Bridle and Lines. For County and State rights address for circular, and for Individual Eights, enclose five dollars to S. B. Hariman, Millersville, Lancaster co., Pa. dec. 9 tf
