.All were highly pleased with the banquet, and the whole affair will long be remembered by the craft. Such entertainments tend to bind the brotherhood together more strongly and exert a beneficial influence. After the supper, Gen. J. W. We will, however state that one pleasing incident transpired .-About the time the guests were in the midst of their festivities, a raid was made on the Encampment by the ladies-wives of the members of the patriarchal order.— About twelve or fifteen in number "assailed the camp," and applied for admission. They were, of course "taken in," and an idea suggesteditself that the Rebecca DEGREE should be conferred upon the unexpected visitors, which was done by J. A year or more ago, Chas. of-The origin Medicine established in 1837, and first article of the kind ever introduced under the name of "Pulmonic Wafers," in this or any other country; all other Pulmonic Wafers are counterfeits. The genuine can be known by the name BRYAN being stamped on each Wafer.

These Wafers have been before the public for nearly thirty years, and the immense sale attained, not only in America but in foreign countries, fully attest their intrinsic worth. The medical properties are superior to any other articles offered for the curre of Pulmonary or Bronchial aftections, and the quantity contained in each box is nearly double that of that of the nearly worthless imitations advertised.

To Vocalists and Public Speakers, these Wafers are peculiarly valuable: they will in one day remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexiolity of the voice, greatly improving its tone, compass and clearness, for which parpose they are regularly used by many professional vocalists.

The very great celebrity of this invaluable remedy has induced unprincipled persons to prepare base initations, which disappoint the just expectations of the purchaser, and injure the character of the genuine medicine.
