N. J. A. S.—We received your letters yesterday. Glad to hear from you. We will give the MSS our attention. Let us hear from you often. KNAPSACK.—Your communication is rather premature. We would rather give it the goby for the present,

J, M, H.—The article you send us will be published as an advertisement only. If agreea-ble let us hear from you.

S.—Yes, we are fully cognizant of the whole affair, and when the proper time arrives we will a round unvarnished tale deliver. A. L.C.—Will send you the document on Tuesday. The other party is confined by sickness. AMANDA.—Do you know that you have forgotten your promise? E. M. W. also. Do it immediately.

EM.—Much obliged. We think we impressed the Queen, with the idea that it was best to mind her own business.

Dr. G.—You are mistaken in your esti-mate. We never intended to "go back" on the "principles for which we fought, ITEM.—Your letter came to hand too late for this issue. Our Borough Fathers have already given the subject matter of your communication some attention. We are particularly well pleased with the great rapidity, and what rapid progress they are making in fixing the alley between Walnut and Locust streets. Go on ye powers, in the good work you have begun, fatter not at any obstacle, nor doubt not your eventual triumph.

To this end an act of incorporation has passed both branches of the Legislature. An association will be formed with a capital of \$20,000. We hope the enterprise will go on.

RAFTING .- During the past large number of rafts have arrived and passed by this place. The late rains have had the effect of swelling the river, no doubt sending a feeling of relief to the hearts of the denizens of the backwoods, who are now able to bring the result of their winter's labor to market .--Fery little lumber has, as yet, been purchased at this place. Holders are asking too high a figure, and may float their rafts to the lower markets thinking to get better

How Provoking.—Did you ever read what you supposed to be a very infound when you were just getting at the "gist" of the joke, that you suddenly ran against the announcement that somebody had just received so and so in great profusion, and was prepared to undersell everybody else this side of the Atlantic? We know perfectly well that at least a dozen other people in this vicinity have had the same offer, and as no body can make a living by selling a great many large prizes for a very little money, we at once infer that the offer is a base cheat.-Think of an editor having \$5000! why we wouldn't know what to do with it. report is traced to a Clerk in one of our respectable Hardware Stores. The truth is
we have now on hand over 25,000 fine large Apple Trees, comprising all the popular

\*\*D\*\*The origin Medicine established in 1837, and first article of the kind ever introduced under the name of "Pulmonic Wafers," in this or any other country; all other Pulmonic Wafers are counterfeits. The genuine can be known by the name BRYAN being stamped on each Wafer.

These Wafers have been before the "public for nearly thirty years, and the immense sale attained, not only in America but in foreign countries. fully attest their intrinsic worth. The medical properties are superior to any other articles offered for the cure of Pulmonary or Bronchial aflections, and the quantity contained in each box is nearly double that of that of the many worthless immations advertised.

Bryan's Pulmonic Wafers

Relief in Ten Minutes.

To Vocalists and Public Speakers, these Wafers are peculiarly valuable; they will in one, day remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

The very great celebrity of this invaluable remedy has induced unprincipled persons to prepare base imitations, which disappoint the just expectations of the purchaser, and injure the character of the genuine medicine.

See that the word, "iRYAN," is stamped on each Wafer, and also observe the fac simile of the signature of the Proprietor "JOB MOSES" on each wrapper, to counterfeit which is forgery. [IF-Offending parties will be dealt with to the full extent of the law.

"That we are closing up the Nursery business, consequently it is not to be presumed that a good assortment of stock is, or will hereafter be found at our Nuris, or will hereafter be found at our Aursery." This and like reports spring into existence, probably from the fact that we are going into the manufacture of Brick, and also because our prices for most of our Nursery Stock are so low in comparison to other establishments or tree dealers. The inference would naturally be that we are closing out. This is not the case. We are
