Getting an Office.

office at Washington, and especially clerkships, betray remarkable ignorance of the means by which to accomplish their ends. Almost every day that omniscient gentleman, the "Special Wash ington Correspondent," informs the publie that "a large number of applications for clerkships have been received at the Treasury Department. There are no vacancies, and the applications have been 'pigeon-holed.' " This information has been steadily given to the public since the beginning of the Rebellion, and it promises to go down to history a great er humber of times than "all quiet along the Potomac. To these "pigeon holed" applicants we have a few words DRUGS, MEDICINES, CHEMICALS, to say, concerning Government offices, which may save them anxious hours and fruitless hopes. To get office in Washington it is necessary that some prominer t politician, or statesman, if you can one, should make your case a personal matter. You may have letters of recommendation, which, if pasted together, would reach around the glole; you may be the only surviving son of the only surviving Revolutionery hero; you may bear upon your body the scars of your country's enemies; you may have voted "the party ticket" for years : you may be endorsed by every honest man in your community-but all this will avail you nothing, unless you can reach "the power behind the throne," which is only reached by politicians of eminence. If you fail to get this influence enlisted in your favor, you will find your application with its voluminous recommendations, "pigeon-holed"-a result as final as inevitable. Any one who has been behind the scenes in Washington, will agree with us that official patronage is almost all together controlled by personal relations-influence, not merit, is the

because we know that there are so many young and soldiers who go to Washington in search of clerkships, believing that letters of recommendation, and the Congress, is all that is necessary to put them in the way of easy work and good pay. After staying in Washington a For the most comfortable fit go to Breneman's, W. King street. case will be considered in regular order." The disappointed applicant returns home, wondering how it is that John Jones got a position only two days before, in the same Department. The reason was, that John Jones "knew the ropes"-he made the Congressmen of his District; and again, John Jones had claims upon the and builders use, always on hand party, which more than counterbalances your "claims upon your country," your honesty or merit. You were a good fisherman, but you used the wrong bait. -Saturday Night.

Ladissaks Parttoular Noti ce. The Real Velpau Female Pills.

[Warranted French.] These Pills, so celebrated many years ago in Paris for the relief of female irregularities are now offered for sale for the first time in America. They have been kept in comparative obscurity from the fact that the originator. Dr. Vel pau, is a physician in Paris of g eathwealth and conscientious principles, and has withheld them trom genesal use, lest they should be employed for unlawful purpeses. In overcoming female obstructions they seem really omnipotent. They are offered to the public culy for legitimate purposes, and all agents are forbid ien to sell them when it is understood that the object is unlawful. Sold by R. Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, dis ordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the veneral infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, cruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous com-plaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which de-cimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or

fection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only Scrofula, but also those other affections which arise from it, such as Enuprive and Skin Diseases, St. Anthony's Fire, ROSE, OF ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILY, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DIS-EASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIA TED OR IMPURE BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in

AYER'S

Ague Cure,

We are enabled here to offer the community a We are enabled here to offer the community a remedy which, while it cures the above complaints with certainty, is still 1-erfectly harmless in any quantity. Such a remedy is invaluable in districts where these afflicting disorders prevail. This "CURE" expels the miasmatic poison of Fryer and Agur from the system, and prevents the development of the disease, if taken on the first approach of its preparators of its preparators of its preparators of its preparators.

AND AGUR from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where Fever AND AGUE prevails, every body should have it and use it freely both for cure and protection. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is that it contains no Quinine or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the discase.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toolhache, Earache, Catarrh, Asthma, Palpitation, Painfut Affection of the Spleen, Hysterics, Pain in the Bovels, Cohe, Paralysis and Derangement of the Stomach, all of which, when originating in the Bovels, Cohe, Paralysis and Derangement of the Stomach, all of which, when originating in the scause, put on the intermittent type, or become periodical. This "Cuin" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. It taken occaimmigrants and persons travelling or temporarily residing in the malarious districts. If taken occa-sionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and few will ever suffer from Intermittents if they avail themselves of the protection this remedy affords.

Catarrh Cured for One Dollar. Catarrh Cured for One Dollar.

READ.—For one dollar per mail, I will send free to any address a recipe and medicine that will guarantee to cure the worst cuses of Catarrh in the head or bronchial tubes in a few weeks. It has saved my life, and made me a well man, from Catarrh and a severe and dangerous bronchial trouble I had suffered with for years. I tried the best physicians, and all advertised medicines of the day, but found no relief till I obtained this. I would give one hundred dollars for this recipe and the medicine, if I now had the Catarrh and could not obtain it less. I believe, if instructions are followed, it will cure any case whatever, that has not already reached the lungs and become a settled consumption. Cure it while you can. Address.
