Local Department.

Notice to Subscribers.

☞ The terms of the *Spy* are $2.50 per annum. A reduction of 50 cents will be made when paid in advance. Subscribers are expected to pay regularly in advance.

☞ The paper will be discontinued when the time paid for has expired, except in special cases.

☞ A mark around this paragraph will be sufficient notice that it is time to pay up—or the time paid for is about to expire.

To Correspondents.

Communications, letters, contributions, generally of merit and interest to the reader, will be acceptable from friends from all quarters

PAY UP.—We want money—can't live without it—it is necessary to our existence, consequently must have it. We hate *dunning* as much as we hate to be *dunned*. We have sent out many bills during the week, and we regret to say, but little notice have been taken of them—they have not met with the response we anticipated. Will our friends and patrons favorably consider the matter? Many of our subscribers can save fifty cents by paying their subscriptions to-day.

SUNDAY TRAIN.—The Sunday Passenger Train from Columbia to Reading and return has been discontinued.

CAPSIZED.—On Tuesday evening last, four young men were out on the river in a boat and had the misfortune to upset, The water was very deep, but all happened to be good swimmers and succeeded in getting upon the bottom of the boat and remained there until aid reached them.

PAVEMENTS.—In many places in town the pavements are out of repair. In Walnut street, above Second, the side walk should be attended to. There is now no excuse that brick cannot be had. Mr. S. H. Purple is now sending out the best brick for paving or house building, that ever was manufactured in this vicinity.

THE following telegram was in the daily papers of Thursday. It is supposed to relate to our former townsman, D. L. Baumgardner, as he owns the only large cordage factory in Marblehead;

BOSTON, June 27.—The large cordage factory in Marblehead, owned by J. L. Van Gardner was destroyed by fire last night. Loss thirty thousand dollars; insured for ten thousand dollars.

YORK *True Democrat*—This paper comes to us enlarged, beautified and improved. It is now the best paper in York County, and is got up in a style of excellence, scarcely surpassed by any other paper in the State. It is edited with ability, and no doubt it will receive the still further support sought after by its enterprising publisher.

MUST HAVE THEIR CREDENTIALS.—Commanding officers of regiments late in the service of the United States, are requested to furnish their color-bearers and guards who design participating in the ceremonies on the 4th of July, at Philadelphia, with such credentials as will satisfy the committees to whom they report, that they are authorized to receive the colors, and entitled to quarters and subsistance.

THE FOURTH.—The Fourth of July will be here on Wednesday next, and the greatest attraction on that day will be the Pic-Nic of the Columbia Fire Company in Heises' Woods. Great preparations are making for the event. All the ladies are purchasing their new dresses at the store of I. O. Bruner, expressly for the occasion. It is just the place to get fitted out with new, handsome and cheap goods.

PATENT HYDRANT.—Will Pfahler advertises a new thing in the hydrant line. Everyone knows that it is quite an expense to dig up a hydrant every time it wants repairs, besides the dirt and trouble in fixing after it. All this can be obviated by the patent hydrant, as they can be repaired without this trouble. They are cast iron boxes and will last a lifetime. Call at Pfahler's Store and examine them. †

RELIGIOUS.—An interesting day at the M. E. Church on next Sabbath. About thirty persons have been recommended, and will be received into church-fellowship at the morning service. Preaching by the Pastor, Rev. Wm. Major, at 10 A. M., "The mystic temple." At 6 P. M., "When do the Saints enter heaven?" A cordial invitation to all.

—The Rev. Thomas McCauley of Philadelphia, will preach in the Presbyterian church, to-morrow (Sabbath) morning and evening. Services in the evening quarter before eight o'clock.

PERSONAL.—Rev. H. S. Alexander, the accomplished Principal of the Columbia Classical Institute, this week, bid adieu to his many friends in this section and departed for a climate more congenial to his health. He has had charge of the Institute for about three years, and under his guidance it has succeeded in becoming permanently established. He leaves a host of friends and, we think, can boast of having no enemies. His disposition is genial and mild and to know him is to respect him. His loss is deeply regretted by all, and wherever he may sojourn he will have the best wishes of our people.

AN INSTITUTION.—We are informed that the cosy village of Maytown is blessed with an Institution, known as a "public courting house." It appears they have a Saloon there kept by a person, sailing under the name of Blow-house—a fancy name by the way—and to this place a great many nightly resort, to while away the hours by having a noisy chat with their "lovyers." They are not private, but the house is furnished with a large porch fronting on the street, and at this point they say their sweet things. "Pike's Peak" is the name of the establishment, but the names of the patrons are legion and the domestic affairs are conducted by a Canadian General, always coming up in the rear.

BAD PRACTICE.—During the evenings of the past week, a great many persons have indulged in the luxury of a bath, to which no one can object, as it is a "good thing," but to bathe before sundown, within the borough limits, exposing their persons to public gaze, is not considered the "right thing." It must be stopped. We have laws compelling them to wait until after dark, or move beyond the limits of the borough. They claim that the board piles are so high that no person can see them, but they must also remember that they are not piled so close but that holes are plenty. We trust that persons old enough to know better will not again visit the river for the purpose of swimming, until the proper hour.

GIFT DISTRIBUTION.—It has been decided that the Distribution of Gifts for the benefit of the "Union Steam Fire Engine Company, No. 1," of Lancaster, Pa., will take place at Fulton Hall, in that city, on Monday Morning, July 16th, 1866.

BOLOGNAS.—Mr. George Tille has just received, at his store, a lot of fine imported *Bolognas*. They are just the thing for lunch at this season. He has also some elegant sugar cured hams and dried beef.

ELEGANT JEWELRY.—Our friend Mr. Edmund Spering, Front street, between Locust and Walnut streets, keeps on hand an elegant assortment of fine jewelry. He has clocks of every style, American watches, fine gold rings, portmonies and pocket cutlery, gold pens and every article that goes to make up a first class jewelry store. We return thanks to the donor for a beautiful Masonic emblem, from the above establishment.

VERY STRANGE.—Somethiugs are stranger than others, and many of them will forever remain a mystery to human nature; but it is not our intention to attempt to advance any new theory on intricate subjects, for we know it would only result in a failure; but when we hear men speaking of matters that are of interest to our readers to know we feel like telling it. We have frequently heard it said that E. Worrell & Co.; 819 Arch Street, Philadelphia, makes the best, cheapest and most fashionable garments in that city. Call and see for yourselves.

SOLD.—Our friend, E. Spering, was taken in by a sharper on Tuesday last, in regard to a horse-trade. A fancy looking gentleman arrived here on Monday evening, and quartered at the Franklin House. On Tuesday morning a horse arrived, in charge of a boy from Middletown, and in a short time after, Spering had the horse and the fancy man had a gold watch. On the same evening the fancy man left. On Wednesday a couple of detectives arrived, and Spering lost the horse, consequently he will not be troubled with taking him to pasture.

The horse was stolen in New York City on the 22nd of May, together with a top-buggy. The buggy and harness were disposed of at Middletown.

THE BOARD OF HEALTH.—This institution has been fully organized and gone to work with a will. They act in conjunction with the Sanitary Committee and the Borough Authorities and have already done much good, for which they deserve the thanks of our people generally. We believe that we have, to-day, as clean a town as there is one in the State, and it behooves our citizens and the Board of Health to see that the ordinances are enforced. We have some excellent laws and are working under one of the best Borough Charters that possibly could be given us. We have a Council, enterprising and alive to the interest of our town, and let us sustain them and endeavor to keep up the dignity of our borough, its officers and the laws.

For the Spy.

MESSRS. EDITORS;—Do you not think that while our Sanitary Committee is laudably engaged in removing all causes of disease and other nuisances from our midst, that they might also be equally useful if they would interfere so far as to prevent the *insane* exhibitions of horsemanship that we daily and nightly witness on Locust Street. It may be very amusing for those who think that galloping and running of horses in the street at a break-neck speed is characteristic of the gentleman, but for the passers on foot, who must necessarily be in danger of being ridden over it is not such very agreeable entertainment. The Committee, or if it is not within their line of duty, the Burgess or a magistrate might give these splendid horsemen a respectful notice, that they had better perform their circus antics in the country where they come from.

LOOKOUT.

DROWNED—CORONER'S JURY.—On Sunday last a party of young men, named Geo. W. Sultzbach, C. H. Johnson, David Coble, John Strickler and the Rudisill Brothers, of Marietta, were on the York County side on a pleasure trip, and on their return across the river, some of the party being under the influence of liquor, commenced splashing with the oars and rocking the boat, so that it dipped water and sunk. All were adepts at swimming but Mr. Johnson, and he found a watery grave; no attempt on the part of his comrades was made to rescue him. The remainder of the party succeeded in getting upon the bottom of the boat. The body of Johnson was found on Wednesday morning below the dam, and an inquest was held on Thursday at 9 A. M., at the office of Samuel Evans, Esq., in this place. The men composing the party were separately examined, and their evidence was contradictory. Below we give the main points elicited in the examination;

— Rudisill, sworn, says that they left the York County side to cross the river.—After starting, two of them commenced splashing the water with their hands causing the boat to rock and continued it until the boat was half full of water. Strickler was sitting in the rear of the boat. He raised up and the movement immediately upset the boat. Five or six glasses of beer were drank by each of the party. If it would not have been for the beer do not think it would have happened.

David Coble, sworn, says the commencement of the sinking of the boat was splashing with the oars by George Sultzbach,—Every man that was at Coyle's drank at least six glasses of beer. Strickler and Sultzbach felt a little funny.

Geo. W. Sultzbach, sworn, said, I got into the boat and started across the river. I rowed about half way across. The two Rudisills, Coble and Strickler commenced splashing, but no water was dipped in the boat. Johnson desired to row and I got up and gave him my place. I cannot say who splashed the water. Johnson asked them to remain quiet or he could not row. The boat did not upset but it sunk. I was not under the influence of liquor. None of us drank more than two glasses of beer apiece,

The jury returned the following verdict:

That the deceased came to his death by being drowned in the Susquehanna river, by the upsetting of a boat, caused by John Strickler, David Coble and Paris Rudisill.

They will probably be brought before the court to answer the charge of involuntary manslaughter.

ADJOURNED MEETING OF THE BOARD OF HEALTH.—Met June 25th. President, A. S. Green in the chair. Board all present. The committee on Rules and regulations reported as follows:

The committee appointed by the Board of Health of the borough of Columbia, June 18th, 1866, to recommend a plan for placing said Board in an effective and working condition, make the following report:

That the Board appoint a committee of three, consisting of one from each ward, to be called the Executive Committee of the Board of Health, whose duty it shall be to visit the meat shops, slaughter houses, places for rendering tallow, and all other places the business of which may have a tendency to create a nuisance, at least once a week, and as often as they may deem it advisable for the public good, and recommend to the public authority the course to be pursued for abating any nuisance they may discover, and exercise any legitimate authority which may hereafter be conferred upon them.

That the members of the Board in each ward be constituted a separate committee for the ward in which they reside, whose duty it shall be to visit all private residences, cellars and yards, give directions for sanitary improvements, and report to proper authorities any nuisance which may not be voluntarily abated under directions. That the three members of the Board residing outside of the limits of the borough be constituted a committee for like purposes outside of the borough limits and within one mile of the boundaries thereof. That these committees may act collectively or individually in the performance of their duties.

The committee recommend that the Board of Health request the Council to pass a by-law in substance as follows:

Section—The Board of Health of the borough of Columbia are hereby constituted officers and agents of the borough for the purpose of enforcing all sanitary regulations contained in the Charter, By-laws and Ordinances thereof, with full powers to remove and abate, or cause to be removed or abated, any and all nuisances within the jurisdiction of the borough Council, to do any and all acts necessary to cary out the provisions of the 8th, 13th, and 16th Articles under Section 10th of the borough charter, so far as the same relate to sanitary matters and infections or contagious diases. When the Board of Health are not in session, the Executive Committed thereof shall possess all the powers of said Board.

Signed
GEO. YOUNG, Jr.,
H. SUYDAM,
W. H. HARDMAN. } Committee.

On motion of Mr. Green the report was accepted, and the usual recommendations ordered to be considered seperately. The The recommendations were then seperately considered adopted.

A motion to appoint the Executive Committee having been passed, the Board appointed the following:

1st ward, Geo, Young, jr., 2nd ward, H. Breneman, 3rd, ward, J. Hardy.

On Motion of Mr. Stape a report of the general sanitary condition of the borough was called for. The committees of the 1st, 2nd, and 3rd wards reported their districts to be in quite a good condition. Several Slaughter houses, pig pens and other building were still in a very filthy condition.

On motion, Mr. Crane was elected Treasurer of the Board.

On motion the Treasurer was authorized to purchase 300 lbs of Chloride of Lime, and 500 lbs of Copperas for the use of the borough. He was also directed to procure a book for the use of the Secretary.

On motion of Mr. Crane, it was ordered that all bills be presented to the Board for its approval before being paid.

On motion of Mr. Breneman, it was

Resolved, That the Secretary be authorized to issue notices, to be served on every family in the borough, notifying them to remove from their premises everything likely to be injurious to the general health of the citizens, and informing them that the several ward committees will visit them to see that they comply with said notice.

On motion adjourned to meet Monday, July 2nd at 8 P. M.

GEO. H. RICHARDS, Sec.

MME. DEMOREST.—This handsome fashion book for July can be had at the book and stationery store of Wm. U. Hess. He has also Harper's Weekly and Monthly Magazine. Mr. Hess is subscription agent for all the magazines, periodicals and newspapers published in this country.

OUR YOUNG FOLKS.—This interesting magazine for boys and girls still mantains its high popularity. This, the *July number*, has *illustrated articles* by T. B. Aldrich, T. W. Higginson, Harriet Beecher Stowe, and other eminent writers. Terms; Two dollars per annum. W. U. Hess, has it for sale.

FRANK LESLIE'S LADIES' MAGAZINE.—The June number of this gem of American publications is at hand. No magazine in the country furnishes finer engraving or better fashion cuts than "Frank Leslie.' It is the leader in American fashions books, and its literary contents cannot be excelled. Every ladies centre table should be adorned with it. W. U. Hess has it for sale. Terms $3.50 a year. Publication office 537 Pearl St., New York.

THE ATLANTIC MONTHLY FOR JULY.—"The Case of George Dedlaw" a sketch full of whimsical, psychological speculation, in which the author's humor deals with the phenomena of the debatable ground between nature and the supernatural, and presents, perhaps, the most remarkable instance of spiritual manifestation on record. Mr. Longfellow contributes a second sonnet on "Translating Dante." Bayard Taylor's sketch of Ruckert, the great German orientalist and poet, is timely and attractive. Major Henry S. Burrage, in the "Siege of Knoxville," recounts the history of that event, and does justice to General Burnside's leadership and gallantry in the affair. "The Great Doctor" is the first part of one of those stories of Western life which Alice Cary writes so well.

Ticknor & Fields, Publishers. W. U. Hess has it for sale.

A CARD.—We respectfully call attention of all who use or sell Segars, Tobacco, Snuff, &c. to our advertisement in to-day's paper, and there is no doubt by giving us a call you will find plenty of goods in our line from twenty five to fifty per cent. cheaper than west of Phila., or east of Pittsburgh.—We are retailing No. 1, Cut and Dry Smoking Tobacco at 40 cents per lb., and to-day you could not buy this Tobacco from the Factories under 75 cts. wholesale; bought before the 40 cts. tax. We also sell Killickiniek in lb packages, at 60 cts per lb, worth at the Factory, $1,08 per lb. No. 1, Fine Cut Chewing Tobacco by the 1-2 barrel, $1,05 worth at the factory $1.50 per lb. Call and we will show you the factory price list. These goods were bought before the Government tax was levied. In the line of Pipes we have reduced the prices twenty-five per cent. We further state to all who deal in Tobacco Segars, Snuff, Pipes, &c., that it will be to their advantage to give us a call before purchasing, as our prices will be made satisfactory. Our motto is quick sales and small profits. We have the best stock of double-dipped Virginia Sweet Twist Tobacco in the market and are the only one in the county who has it for sale. The old and true saying is, persons will buy where they get the cheapest. All we ask is a trial and you will find our goods the cheapest and will give satisfaction.

CAMPAIGNS OF THE
ARMY OF THE POTOMAC.
BY WILLIAM SWINTON.
The STANDARD History of the GRAND ARMY.

The greatest Work on the War.
Universally endorsed by army officers and the press. THE AUTHOR SAYS:—

"I design in this volume to record what that Army did and suffered in ten campaigns and two score battles."

"I shall have to celebrate the unswerving loyalty of this army, that oftimes when the bond of military cohesion failed, held it, unshaken of fortune, to a duty self imposed."

"I shall have to follow it through a checkered experience, in a tale commingled of great misfortunes, great follies and great glories; but from first to last it will appear that, amid many buffets of fortune, through "winter and rough weather," the Army of the Potomac never gave up, but made a good fight, and finally reached the goal."

The Army and Navy Journal says:—

"This is the only American critical work on the late war, and it is thoroughly critical and entirely divested of all political hue or tone."

This is the only History of the "Grand Army," and no one who has borne a part in its conflicts, or is interested in its grand achievements, should be without it.

This work sells itself. The people are tired of political and partisan histories, and want something from official sources. We have Agents clearing over $200 per month. Send for circulars, and see our terms and proof of the above assertion.

THE GREAT
ZINGARI BITTERS.
A Sure Preventative of
CHOLERA!
THIS WONDERFUL REMEDY was discovered and introduced about twenty years ago by Dr. S. Cheopsus, an eminent Egyptian physician.
He had long seen and felt the want of some remedy which would strike at the root of disease, and so prevent much of the suffering which the human family was then compelled to endure.
The great question was presented to his mind every day in vivid colors as he moved among the sick and dying, and observed the inefficiency of nearly all the remedies then in use. Thus he was led to think and experiment; and after ten years of *study and labor*, he presented to his fellow-man the wonderful Zingari Bitters. The effect of this preparation in the prevention and cure of disease, was so marvellous and astonishing, that the most flattering marks of royal favor were bestowed upon him who discovered it. His name was placed upon the Roll of Nobles, and a gold medal with the following inscription—Dr. Cheopsus, the Public Benefactor—was presented to him by the Viceroy.
The preparation has been used in several epidemics of cholera, both as a preventive and curative measure, and with such great success, that it has been introduced into nearly all the general hospitals of the old world.
The old saying that an ounce of prevention is worth a pound of cure, applies with marvelous force to cholera, and therefore any remedy that will protect us against this terrible disease should be freely and persistently used.
All pathologists now agree that the cholera poison acts on the excretory organs, and keeps them in working order, must prevent a sufficient accumulation of the poison to exert its terrible effects on the organism. This is true not only of cholera, but of nearly all other maladies, especially the different forms of fever.
The Great Zingari Bitters is just such a remedy as the above conditions require. Its acts on the organs of excretion and secretion, keeping up a perfect balance between them. This Bitters is composed entirely of roots and herbs, so nicely concocted that every organ is acted upon and put in tone. Its taste is pleasant and its effects prompt and lasting.
Numerous cases of the following disease have been cured by it: Cholera, Diarrhœa, Dysentery, Typhoid and Typhus Fever, Fever, Ague, Nervous Debility, Anæmia, Female Irregularities, Dyspepsia, Flatulency, Colic, Scrofula, &c.
Price one dollar per quart bottle.
Principal Depot at the Walnut street wharf; Harrisburg, Pa.
Sold by all Druggists, Hotelkeepers and Grocers.
F. RAHTER,
Sole Proprietor.
