A Sure Preventative of ERA I

THIS WONDERFUL REMEDY was discovered and introduced about twenty years ago. Dr. S. Cheopsus, an eminent Egyptian physician. He had iong seen and felt the want of some remedy which would strike at the root of disease, and so prevent much of the suffering which the human family was then compelled to endure.

The great question was presented to his mind every day in vivid colors as he moved among the suck and dying, and observed the inefficiency of nearly all the remedies then in use. Thus he was lead to think and experiment, and after ten years of study and labor, he presented to his fellow-man the wonderful Zingari Bitters. The effect of this preparation in the prevention and cure of disease, was so marvellous and astonishing, that the most flattering marks of royal favor were bestowed upon him who discovered it. His name was placed upon the Roll of Nobles, and a gold medal with the following inscription—Dr. Cheopsus, the Rublic Benefactor—was presented to him by the Viceroy.

The preparation has been used in several epidemics of cholera, both as a proventive and curative measure, and with such great success, that it has -Senator Lane told some of his friends here before he left for Kansas, that he ies of cholera, both as a proventive and cirative measure, and with such great success, that it has been introduced into nearly all the general hospitals revealed-th: fact that her death had been caused by particles which had been bitten lowed, and, sticking into the sides of her

measure, and with such great success, that it has been introduced-into nearly all the general hospitals of the old world.

The 'old saying that an ounce of prevention is worth a pound of cure, applies with marvelous force to cholora, and therefore any remedy that will protect us against this terrible disease should be freely and persistently used.

All pathologists now agree that the cholora poison acts on the excretory organs, and keeps them in working order, must prevent a sufficient accumulation of the poison to exert its terrible effects on the organism. This is true not only of cholera, but of nearly all other maladies, especially the different forms of fever.

The Great Zingari Bitters is just such a remedy as the 'above conditions require.' Its acts on the organs of excretion and secretion, keeping up a perfect balance between them. This Bitters is composed entirely of roots and herbs, so nicely concound that every organ is acted upon and put in tone. Its taste is pleasant and its effects prompt and lasting.

Numerous cases of the following disease have been cured by it: Cholera, Diarrhaa, Dysentery, Typhoid and Typhus Fever, Fever, Ague, Nervous Debitty, Amaernia, Yemale Irregularities, Dyspepsia, Flatulency, Coic, Scrofula, de.

BRYAN'S FULWIUGIU WAPERS.

The origin Medicine established in 1837, and first article of the kind ever introduced under the name of "Pulmonic Wafers," in this or any other country; all other, Pulmonic, Wafers are counterfeits. The genuine can be known by the name BRYAN being stamped on each Wafer.

These Wafers have been before, the public for nearly thirty years, and the immense sale attained, not only in America but in foreign countries, fully attest their intrinsic worth. The medical properties are superior to any other articles offered for the cure of Pulmonary or Bronchial affectious, and the quantity contained in each box is nearly double that of that of the many worthless imitations advertised.

Bryan's Pulmonic Wafers cure Coupts, Colds; Sore Throat, Hoarseness, "Asthma, Catarrh, Bronchitis, Difficult, Breathing, Spitting Blood, Pains in the Chest, Encipient Consumption and all diseases of the lungs. Not only affording temporary relief, but effecting a rapid and lasting cure and are warranted to give satisfaction in every, instance. Relief in Ton Minutes.

To Vocalists and Public Speakers, these Wafers are peculiarly valuable; they will in one day remove the most severe occasional hoarseness: and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone; compass and clearness, for which purpose they are regularly used by many professional vocalists.

The very great celebrity of this invaluable remedy has induced unprincipled persons to prepare hase imitations, which disappoint the just expectations of the purchaser, and niure the character of the genuine medicine.

See that the word, "IRYAN," is stamped on each Wafer, and also observe the fac simile of the signature of the Proprietor "JOB MOSES" on each wrapper, to counterfeit which is forgery. [] Toffend ding parties will be dealt with to the fall extent of the law.

Bryans Pulmonic Wafers are for sale by all Druggists.
