CHOLERA.

Cared by Mischler's Herb Bitters! When Mischler's Bitters were first introduced to the public the proprietor did not feel justified in recommending it as a cure for Cholera. During the fall of 1853, Dr. Mischler received the following note from Jacob L. Baker, Esq., of Lancaster, Pa., a member of the Philadelphia College of Pharmacy.

Being thus urged, and having noticed the efficacy of the Pills in the most violent cases of Diarrhea, Cholera Morbus and kindred complaints, Dr. Mischler at last offered his compounds as a cure for Cholera. The result has exceeded his most sanguine expectations and fully justifies all that Mr. Baker says in his note. It certainly proves that Mr. Baker's practical knowledge of medicine is far in advance of most of our country doctors.

All intelligent persons who have investigated the origin of cholera, agree that it is caused by poison introduced and generated in the atmosphere by the impure atmosphere, filth and over-crowded rooms with deficient ventilation. This is proved by the fact that cholera always rages worse in crowded ships where all of the above causes are found more or less combined.

The steamship Virginia, arrived at the Port of New York about the middle of the month of August, and during the voyage passengers having died during the voyage with this complaint. Among the passengers were a family named Schmidt, from Baden, Germany. The father and mother were both attacked with cholera, and died. Their children were taken to the Schmidt family. When this package arrived at quarantine, the doctors examined it and confiscated the contents. Another package was sent to the Schmidt family in a more secure manner; it safely reached the Schmits. On its arrival aboard the Virginia, Henry Schmidt and Christ Schmidt were both laid up with cholera symptoms.

On the arrival of the Virginia, Henry Schmidt and Christ Schmidt were both laid up with cholera symptoms. The former was very bad, not expected to recover, and a son had died of the dread complaint and had been buried the day previous. It was in this plight a bottle of Mischler's Bitters, sent forth like an Angel of Mercy found the poor Schmidt family.
