TEA PARTY. - About a dozen or more pladies went out to Klughs in the 1.40 train on Wednesday afternoon last, and in the evening the gentlemen joined the party.-Ten was prepared, and all set down and fared sumptuously. They returned in the late train in the evening much refreshed and invigorated and highly pleased with their trip.

RECONSTRUCTION.—It is difficult to tell what will be the final result of the President's plan to "reconstruct" the rebels. Yet it is an easy matter to tell where may ·be found the best place to procure your clothing, It is at E. Worrell & Co., 819 Arch street Philadelphia, where may be found all the new style cassimeres to select from and they will be made up in a durable and fashionable style.

Pic-Nics.—We highly approve of the popularity of pic-nics. They appear to be all the rage this summer. Many of our Schools and Societies have already been out and there are many to go out yet. We would advise our lady readers, before they go out on pleasure excursions to provide themselves with a pair of those handsome gaiters, or some of those fine dress goods at the store of I. O. Bruner, Front street above Locust.

BUILDING BRICK .- Mr. S. H. Purple ad. wertises building brick in another column. As to the quality of his brick, there can be no doubt of their superiority for paving or building purposes. We learn from those who have worked them, that they are the best ever used in this town-perfect in shape, well burnt, and made of the very best material, hence they should have a large sale.

DRY GOODS ADVANCING !-So the Youngpapers say, but on examination of the Fry-prices at which Maltby & Case are selling You goods does not confirm the report; at least as far as their stock is concerned. They have a large assortment of goods and are willing to sell them low. Persons visiting Columbia to buy goods should not fail to call and examine their stock. Their handsome and accommodating clerks both (male and female) will take pleasure in showing you the best style and quality of goods,

KILLED ON THE RAILROAD.-We regret to announce the death of Mr. Joseph McClellan, which occured at Parkesburg, on Saturday evening. CHOLERA Cured by Mishler's Herb Bitters : 💥

When Mishler's Bitters were first intro-When Mishler's Bitters were first introduced to the public the propriotor did not feel justified in recommending it as a specific for Cholera. During the fall of 1865, Dr. Mishler received the following note from Jacob L. Baker, Esq., of Lancaster Pa., a member of the Philadelphia College of Pharmacy. Mr. Baker had a great deal of experience in the treatment of Cholera is a druggist of sixteen years standing was or experience in the treatment of choiers is a druggist of sixteen years standing, was Hospital Steward in the Jefferson Hospital, Philadelphia, for three years, and is withal a gentleman of undoubted integrity and one in whose statement the most implicit

Dr. Mishler—Dear Six—Knowing that
the Cholera with its dreadful ravages is now upon our land, and knowing that no medi-cine now in our country possesses such a caloric influence "which is the vital remecalone induence "which is the vital reme-dy for all diseases of this kind," as the Bitters you now making I request you to prepare such a quantity of your bitters as would suit all demands, as I assure you they will be an invaluable remedy, and will be hailed as a blessing by all who will use it.

use it.

Yours respectfully.

JACOB L. BAKER.

Being thus urged, and having noticed the Bitters were constantly curing the most violent cases of Diarrhea, Cholera Morbus and kindred complaints; Dr. Mishler at last offered his compounds as a cure for Cholera The result has exceeded his most sanguine expectations and fully justifies all that Mr. Baker says in his note. It certainly proves that Mr. Baker's practical knowledge of medicine far exceeds that of most doctors who too often dose their patients with demedicine far exceeds that of most doctors who too often dose their patients with deleterious drugs on some absurd theory.— For the purpose of showing that Mishler's Herb Bitters will cure Cholera we give below a few facts.

All intelligent persons who have investigated the origin of cholera, agree that it is caused by poison introduced and generated into the system by impure water, damp-

caused by poison introduced and generated into the system by impure water, dampness, filth and over-crowded rooms with deficient ventilation. This is proved by the fact that cholera always rages worse on board of ships where all of the above causes are tound more or less combined. To cure cholera, and also to prevent it, it is necessary to neutralize this position, and that Mishler's Bitters will do this is proven by the following:

that Mishler's Bitters will do this is proven by the following:

The steamship Virginia, arrived at the Port of New York about the middle of April with cholera a board a number of the passengers having died during the voyage with this complaint. Among the passengers were a family named Schmith, from Baden, Germany. This family was attacked with cholera. Fortunately for them they had friends living in this city (Lancaster, Pa.,) who knew the virtues of Mishler's Bitters and who procured a bottle and sent it to the Schmith family. When this sent it to the Schmith family. When this package arrived at Quarantine, the doctors examined it and confiscated the contents Another bottle was procured and packed in a more secure manner: it safely reached the Schmiths. On its arrival aboard the Virginia, Henry Schmith and Christ. Schmith were both laboring under choleric symptoms: Mrs. Marcia Schmith, wife of the former was very bad, not expected to recover, and a son had died of the dread complaint and had been buried theday previous. It was in this plight a bottle of Mishler's Bitters, sent forth like an Angel of Mercy found the poor Schmith family.—Henry Schmith was the first to try it, and so instantaneous was the relief he experienced that he gave it to his wife and brother Schmiths. On its arrival aboard the Virenced that he gave it to his wife and brother both of whom it at once relieved. They used the entire contents of the bottle and all three were so much relieved that the physicians permitted them to leave the Virginia, after being confined at quarantine Virginia, after being confined at quarantine aboard that scourge ship forty-two says.—
The Schmiths proceeded to their relatives in Lancaster, and at an early opportunity called on Dr. Mishler to express their gratitude for the timely relief they had found in his Bitters. Mr Henry Schmith stated that all the compounds the doctors had given him did no good, but that one glass of Mishler's Bitters made him feel like a new man warming his whole system. new man, warming his whole system, giving him a healthful heat and causing "Gabreille" Hoop Skirt,

This letter from Dr. Bissell, justafter the reception of the Bitters, and before he had time and opportunity to thoroughly test their wonderful medicinal properties is considered an important endorsement, as that gentleman to-day occupies the most important position of any physician in America. The passengers and crews o emigrant and merchant vessels that arrive in the Port of New York from foreign countries, are subject to his inspection and control, and the great experience he has had in the management of that dreadful disease, Cholera, gives an endorsement by him an unusual importance. This lefter together with the statement of the Schmith family—who while in the Steamer Virginia, were under Dr. Bissell's control, shows what the Bitters have done and cando.

Another case of Cholera cured by Misheler, s Herb Bitters is that of Mr. Pearsol of York country who after suffering saverely.

Another case of Cholera cured by Mish's ler's Herb Bitters is that of Mr. Pearsol of York county, who, after suffering severely from all the symptons of Cholera, finally became collapsed and while in this state, (the doctors stating that he was beyond relief) a friend administered freely, Mishler Bitters. The effect was instantaneous heat was generated in the body, perspiration was induced and after using one bottle Mr. Pearsol was entirely restored. tion was induced and after using one bottie Mr. Pearsol was entirely restored.
Mishler's Bitters cures Cholera by counteracting the poison which is the cause of
the disease. Poison in the system, whether
generated by bad air, filth, &c., as in
Cholera, or introduced by the bite of a
venomous snake or mad dog will be expelled and all bad symptons allayed by
the use of Michler's Herb Bitters. The
above proves this to be the fact in Cholera TATION.
