THE NEWS.

The convention of southern loyalists,t be held in Philadelphia in September promises to be a grand success. The call has already received the signatures of one hundred and forty prominent Union men in the south, and enough is there will be not less than from four to five hundred delegates in attendance from the States lately in rebellion.

The editor of the Macon (Ga.) Journal and Messenger says he has information among the freedmen in favor of going to Liberia, and that an expedition on a very large scale is organizing. -

Rev. J. W. Horton, who died from the effect of wounds received in the New Orleans riot, was a native of Nantucket, Mass., and son of Rev. Jotham Horton, a well known Methodist preacher.

The Cholera reports show five cases in New York, twelve in Brooklyn, six in d-m for swearing in the streets. Richmond Va., twenty-six (fatal) in New Orleans, one hundred and seven in St. Louis, and eighty-one in Cincinnati.

The Soldier's Bounty Bill. The bounty law passed at the late session of Congress is alleged by many persons to be very defective, and to hold out false hopes to soldiers and sailors. A correspondent goes so far as to state that the Second Comptroller of the Treasury is of the opinion that the bill is inoperative, in consequence of serious defects in the wording of the first section. The Washington Star, referring to the provisions of the new bill, says: "We learn that the first section of the act provides that one hundred dollars additional bounty shall be paid to those yolunteers who have enlisted since April 9th, 1861, have served full three years, and have already been paid one hundred dollars bounty; to those of the above class who have been honorably discharged died in the service of wounds or disease contracted in the service. The second section is totally inoperative, as it applies to not a single soldier who has served in dollars authorized by the act of March Try it." 3d, 1863, to be paid to such of the volunteers who have served nine months or part of the United States.

A robber without knowing it. The Boston Transcript tells an amusing story of a young gentleman who, walking on the Common a few evenings since, came in contact with a person going the opposite direction. Both apologised and walked on. A moment after the gentlemet. He soon overtook him, and drawing his revolver, placed it at his head, and are you Toe Jam's? demanded that he should instantly give and told him that his own watch was in ing the first seven days, the amount of his room, and that he had been the rob-flies, &c., caught was forty-two solid ber and not the robbed.

The Real Velpau Female Pills.

[Warranted French.]

These Pills, so celebrated many years ago in Paris for the relief of female irregularities, are now offered for sale for the first time in America. They have been kept in comparative obscurity from the fact that the originator. Dr. Velpau, is a physician in Paris of greatiwealth and conscientious principles, and has withheld them trom genesal use, lest they should be employed for unlawful purpeses. In overcoming female obstructions they seem really omnipotent. They are offered to the public only for legitimate purposes, and all agents are forbidden to self them when it is understood that the object is unlawful. Sold by R. Williams and Dr. Parry, Columbia.

Ladies can procure a box sealed from the eyes of he cusbon, r nelosing \$1\$ and six stamps to O. G. Staples, General Agent for us, Watertown, N. Y. or to the above agents.

Arthorism Medicine established in 1837, and first article of the kind ever introduced under the name of "Pulmonic Wafers," in this or any other country; all other Pulmonic Wafers are countersfeits. The genuine can be known by the name BRYAN being stamped on each Wafer.

These Wafers have been before the public for nearly thirty years, and the immense sale attained, not only in America but in foreign countries, fully attest their intrinsic worth. The medical properties are superior to any other articles offered for the cause of Pulmonary or Bronchial affectious, and the quantity contained in each box is nearly double that of that of the many worthless imitations advertised.

Bryan's Pulmonic Wafers cure Coughs, Colds, Sore Throat, Hourseness, Asthma, Catarrh, Bronchitis, Difficult Breathing, Spitting Blood, Pains in the Chest, Incipient Consumption and all diseases of the lungs. Not only affording temporary relief, but effecting a rapid and lating cure and are warranted to give satisfaction in every instance. They do not museate like acoholic compounds, and the medical properties are combined in a form so agricable and pleasant to the taste, that any child will readily eat them. One dose will always afford

Relief in Ten Minutes.

To Vocalists and Public Speakers, these Wafers are poculiarly valuable; they will in one day remove the most severe occasional hoarseness: and their regular use for a few days will, at all times, increase the power and thexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

The very great celebrity of this invaluable remedy has induced unprincipled persons to prepare base initiations, which disappoint the just expectations of the purchaser, and injure the character of the genuine medicine.

See that the word, "BRYAN," is stamped on each Wafer, and also observe the fac single of the signature of the Proprietor "JOB MOSES" on each wrapper, to counterfeit which is forgery. [17] Oftending parties will be dealt with to the full extent of the law.
