market.

We meet them 'neath each gipsy tent, With vissge swarth and kun, And ones that sparkle as they glance,

With reguery and fun;
We find them fishing in the brook For minnows with a pin, Or greeping through the hazel-brush The linuer's nest to win.

We meet them in the lordly hall, Their stately father's pride; We meet them in the poor man's cot-He has no wealth beside; Along the city's crowled street-They hurl the hoop or ball; We find them 'neath the pauper's roof-

The saddest sight of all. For there they win no father's love, No mother's tender care, Their only friend the God above, Who hears the orphan's prayer; But dressed in silks, or draped in rags,

In childish grief or glee, God bless the little children Wherever they may be

Pensions.

CHOLERA Cared by Mishler's Herb Bitters!

When Mishler's litters were first introduced to the public the proprietor did not feel justified in recommending it as a specific for Cholera During the fall of 1865, Dr. Mishler received the following note from Jacob L. Baker, Esq., of Lancaster Pa., a member of the Philadelphia College of Pharmacy. Mr. Baker had a great deal of experience in the treatment of Cholera is a druggist of sixteen years standing, was is a druggist of sixteen years standing, was Hospital Stewardinthe Jefferson Hospital, I hiladelphia, for three years, and is withal a gentleman of undoubted integrity and one in whose statement the most implicit

confidence can be placed : Lancaster, November 3d, 1865.
Dr. Mishler—Dear Sir:—Knowing that
the Cholera with its dreadful rayages is now upon our land, and knowing that no medi-cine now in our country possesses such a caloric influence "which is the vital remedy for all diseases of this kind," as the Bitters you now making I request you to propare such a quantity of your bitter as would suit all demands, as I assure you they will be an invaluable remedy, and will be hailed as a blessing by all who will use it.

use it.

Yours respectfully.
JACOB L. BAKER.

Being thus urged, and having noticed the Bitters were constantly curing the most violent cases of Diarrhea, Cholera Morbus and kindred complaints, Dr. Mishler at last offered his compounds as a cure for Cholera. The result has exceeded his most sanguine expectations and fully instities all that Mr. expectations and fully justifies all that Mr.

Baker says in his note. It certainly proves
that Mr. Baker's practical knowledge of
nedicine far exceeds that of most doctors
who too often dose their patients with deleterious drugs on some absurd theory.— For the purpose of showing that Mishler's Herb Bitters will cure Cholera we give

below a few facts.
All intelligent persons who have investigated the origin of cholera, agree that it is caused by poison introduced and generated into the system by impure water, dampness, filth and over-crowded rooms with factional variations. ness, 10th and over-crowded rooms with deficient ventilation. This is proved by the fact that cholera always rages worse on board of ships where all of the above causes are found more or less combined. To cure cholera, and also to prevent it, it is necessary to neutralize this position, and that Mishler's Bitters will do this is proven by the following:

by the following:
The steamship Virginia, arrived at the Port of New York, about the middle of April with cholera a board a number of the passengers having died during the voyage with this complaint. Among the passengors were a family named Schmith, from Baden, Germany. This family was at-tacked with cholera. Fortunately for them they had friends living in this city (Lan-caster, Pa.,) who knew the virtues of Mish-ler's Bitters and who procured a bottle and sent it to the Schmith tanily. When this package arrived at Quarantine, the doctors examined it and confiscated the contents. Another bottle was procured and packed in a more secure manner, it safely reached the Schmiths. On its arrival aboard the Tirgeniants. On its arrival about the 117ginia, Henry Schmith and Christ. Schmith
were both laboring under choleric symptons: Mrs. Marcia Schmith, wife of the
former was very bad, not expected to recover, and a son had died of the dread complaint and had been buried theday previous. It was in this plight a bottle of Misher's Bitters, sent forth like an Angel of Mercy found the poor Schmith family.—Henry Schmith was the first to try it, and so instantaneous was the relief he experienced that he gave ittohis wife and brother both of whom it at once relieved. They used the entire contents of the bottle and all three were so much relieved that the physicians permitted them to leave the Appendix after being confined at quarantine aboard that scourge ship forty-two says.

The Schmiths proceeded to their relatives Perpetual and Temporary Policies on in Lancaster, and at an early opportunity called on Dr. Mishler to express their grati-

gentleman of Lancaster, he writes as fol-

Hospital Ship "Falcon." This letter from Dr. Bissell, just after the reception of the Bitters, and before he had time and opportunity to thoroughly test their wonderful medicinal properties is considered an important endorsement, as that gentleman to-day occupies the most mportant position of any physician in America. The passengers and crews o anigrant and merchant vessels that arrive n the Port of New York from foreign coun ries, are subject to his inspection and con rol, and the great experience he has had in the management of that dreadful discase, Cholera, gives an endorsement by him an unusual importance. This letter together with the statement of the Schmith family—who while in the Steamer Virginia, were under Dr. Bissell's control, when that the Distance of the Schmith family—who what the Dritter beginning the statement of the Statement of the Schmith the Schmith of the Schmith the Schmith of the Schmith

hows what the Bitters have done and can Another case of Cholera cured by Mishler's Herb Bitters is that of Mr. Pearsol of York county, who, after suffering severely from all the symptons of Cholera, finally pecame collapsed and while in this state, the doctors stating that he was beyond re-ief) a friend administered freely, Mishler's Bitters. The effect was instantaneous; heat was generated in the body, perspira-tion was induced and after using one bot-

tion was induced and after using one bottle Mr. Pearsol was entirely restored.

Mishler's Bitters cures Cholera by counteracting the poison which is the cause of
the disease, Poison in the system, whether
generated by bad air, filth, &c., as in
Cholera, or introduced by the bite of a
venomous snake or mad dog will be expelled and all bad symptons allayed by
the use of Michler's Herb Eitters. The
above proves this to be the fact in Cholera
and the certificate of Mr. Rhinehart proves
that Mishler's Billers will cure the bite of
a poisonous snake: a poisonous snake:

a poisonous snake:

Lancaster, July 4th, 1865.

Mr. B. Mishler—Sir:—About eight weeks since I was bitten in the left hand by a snake, but at the time did not know of what species it was. Immediately after the bite my hand swelled to a very large size, and the poison appeared to be working up my arm. I suffered great pain in my hand and arm; I had to quit work and was afraid I would be compelled to have was afraid I would be compelled to have my hand amputated. I came to you, and by your advice washed my hand and arm by your advice washed my hand and arm with your Herb Bitters at the same time taking it inwardly. In eleven days I was able to go to work again. The poison was all drawn out and Mishler's Herb Bitters was the only medicine or application that I made use of. Mr. Christian Burns, a near neighbor of mine, went out a day or two atter to the place where I was bitten, and killed what I believe was the same snake that bit me as he caught within five yorks of the spot where I was bitten. It snake that bit me as he caught within five yards of the spot where I was bitten. It proved to be what is called a copper snake; at any rate, whether it was the same one that bit me or not—one thing is certain—that your Bitters cured the bite of a snake in my case for which I shall ever be thankful, as I believe it was the means of saving my band.

I shall be pleased to personally satisfy any one of the truth of the above.
Yours. JACOB RINEHART. Low Street, Lancaster.

Ayer's Sarsaparilla

effectual Alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still so comonned with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their own much representations. accomplish their cure must prove of immense complaints: -

PEPSIA AND INDIGESTION, ERYSIPELAS, ROSE or St. Anthony's Fire, and indeed the whole class of complaints arising from Impurity or THE BLOOD.

must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla,

as any other saje Company, and consistent with prudence.
Policies issued for long or short terms, or permanently. Losses promptly paid.
All claims adjusted without litigation or of these have been frauds upon the sick, for delay. This Company refers to the past as a guarantee of its future conduct.

service to this large class of our afflicted fellowcitizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEU-RALGIA OR TIC DOULOUREUX. DEBILITY. DYS-

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is ob-structed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something

or any thing else.

Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on
