The number of deaths in New York last week was 429.

Petitions signed by the opponents of the present city government of Bultimore asking Governor Swann to remove the police commissioners, excites much comment in that city. As the police board has the appointment of judges for the approaching State election, the question is au important one.

wounded by a explosion on Wednesday in

ment on the Pennsylvania railroad. near ships. Meadville, on Wednesday last and all in the train were more or less injured.

Official election returns from many of the counties in this State have been received. The majority of General Geary, as far as heard from, is between 17,000 and 13,000.

-Much excitement was created thro' the country-last week by a despatch from Washington to the Philadelphia Ledger stating that the President had submitted to the law officer of his Cabinet questions as to whether the present is a Constitutional Congress? what means are necessary to adopt to secure a Constitutional Cougress? and queries on other matters looking to revolutionary proceedings. The declarations that have been made by the President and his friends gave force to the despatch. Gold at once went up, and bitter denunciations of a President who was willing to plunge the country into another war were rife. The truthfulness of the despatch, however, was denied, and the proprietors of the Ledger, on examining into the subject was satisfied that their reporter had given currency to the story without sufficient grounds.
